95

US 95, Castle Dome Mine Road to La Paz county line pavement preservation
FACT SHEET

OVERVIEW

The Arizona Department of Transportation is repairing the pavement on US 95 between Castle Dome Mine Road (milepost 54) and the La Paz County line (milepost 67). The work consists of removing the existing pavement surface and replacing it with new asphalt concrete.

PROJECT ELEMENTS

▸ Milling and replacing the existing pavement with new pavement

▸ Replacing pavement markings and signage

▸ Spot repairs

PROJECT SCHEDULE

The project is scheduled to begin early fall 2024. The project is anticipated to take only a few months to complete. Schedules are subject to change because of weather and other unforeseen situations.

WHAT TO EXPECT

US 95 will be reduced to one lane only in the work zone. Alternating north- and southbound travel will be controlled by flaggers and a pilot car.

Work is scheduled to occur from 6 a.m. to 6 p.m. on weekdays.

ADOT will post information about traffic restrictions and closures as it becomes available. To receive traffic alerts and other updates by email, please subscribe here.
