

The Arizona Department of Transportation will begin a bridge deck rehabilitation project on the Moenkopi Wash Bridge. The bridge is located on State Route 264 between the communities of Tuba City and Second Mesa (milepost 324), approximately two miles east of the US 160 junction.

## PROJECT OVERVIEW

The \$3.7 million project will begin spring and be completed late fall 2022. The purpose of this project is to replace the existing bridge deck and to construct new approach/departure slabs.

Additional work includes:

- ▶ Repairing concrete cracks at the bridge supports.
- ▶ Erosion prevention.
- ▶ Painting and repair of steel parts of the bridge.
- ▶ Pouring new concrete approach/departure slabs.

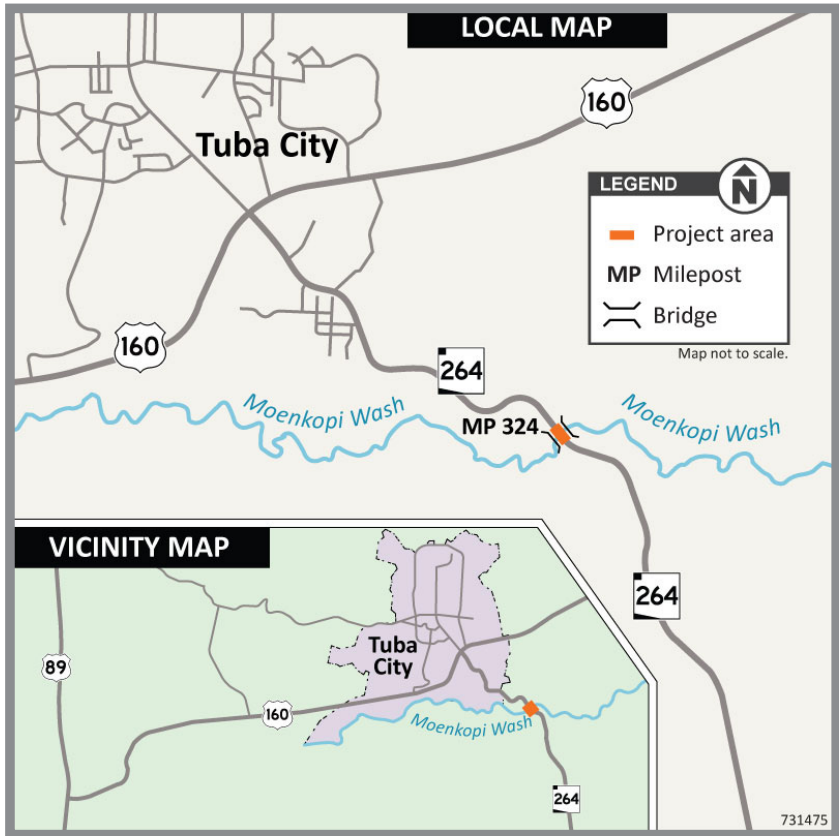

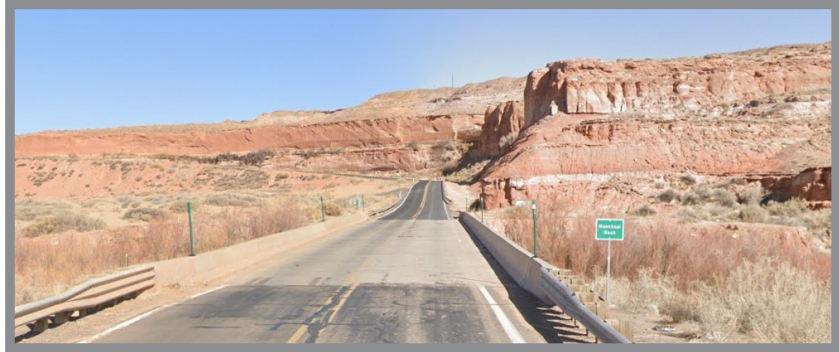

## WHAT TO EXPECT

Construction will employ a two-phased lane closure traffic control plan. SR 264 will be reduced to one lane of alternating east- and westbound travel through the construction zone. Temporary traffic signals (one for each direction) and concrete barriers will be used to control traffic through the work zone.

Once Phase I is complete, traffic will be moved to the completed portion of the new bridge deck, while the remaining portion of the deck is completed. Once the new bridge deck work is completed, traffic will resume on the bridge with no restrictions.
