

SECTION I - PAVEMENT STRUCTURE

ITEM 1 - STRUCTURAL THICKNESS (In Inches)

Station	AB	*AC Remove & Replace	AC(3/4)**	AC(1/2)	ACFC
---------	----	-------------------------	-----------	---------	------

DESIGNER:

SEE ATTACHED EXAMPLES

On Grade & Drain type projects with new pavement sections add "Total Thickness" to STRUCTURAL THICKNESS ITEM.

* To be used when the existing material is to be recycled.

** When the existing pavement is to be removed and replaced with new AC, add the following note:

"Prior to the placement of the new AC it will be necessary to remove the existing pavement as shown on the typical section."

*** When a Chip Seal Coat is to be applied add the following note:

"A Chip Seal Coat shall be applied to the surface of the AC."
