

**ITEM - BRIDGE OVERLAY**

This Item provides for an overlay of bridge decks and approach slabs. Bridges that have existing bituminous material on the deck and approach slabs shall have this material removed just prior to the overlay and the deck and approach slabs shall be thoroughly cleaned to the satisfaction of the Engineer. Any taper length required will be as shown on the project plans.

The following bridges shall receive a new overlay.

| Location | Description | \$ |
|----------|-------------|----|
|          |             |    |
|          |             |    |
|          |             |    |
|          |             |    |

DESIGNER:

Contact Structures Section for existing AC thickness and concurrence on use of this Item.

\$ Add material type AC(3/4), AR-ACFC, etc.
