

ITEM - GROUND COMPACTION

The following ground compaction factors shall be compensated for on embankment sections outside the existing roadway prism.

Station	Ground Compaction (ft)

DESIGNER:

Ground compaction information to be supplied by Geotechnical Services.

List Station to Station limits for each ground compaction factor. On new alignments the Item shall read "The following ground compaction factors shall be used for earthwork calculations."

Ground compaction factors shall be listed to the nearest 0.05 ft.
