Project Overview and Purpose

- ▶ **The Arizona Department of Transportation and the city of San Luis are working on several improvement projects in the downtown San Luis area to improve the circulation of traffic, enhance pedestrian safety and improve access to downtown businesses.**

Project Improvements

- ▶ Archibald Street will be converted to a one-way street for southbound Port of Entry traffic
- ▶ First Street will be converted to a one-way street for northbound Port of Entry traffic
- ▶ The downtown shopping district will benefit from additional parking, benches, new pavement, striping and landscaping

Project Improvements

- ▶ Two roundabouts will be built
 - One at the intersection of US 95 (Main St.) and D Street
 - A second, smaller one, at Urtuzuastegui and US 95 (Main St.)
- ▶ A storm drainage system will be installed in the downtown area to improve storm water drainage
