State Route 260: Rim Road to Gibson Road

SHOULDER WIDENING PROJECT

OVERVIEW

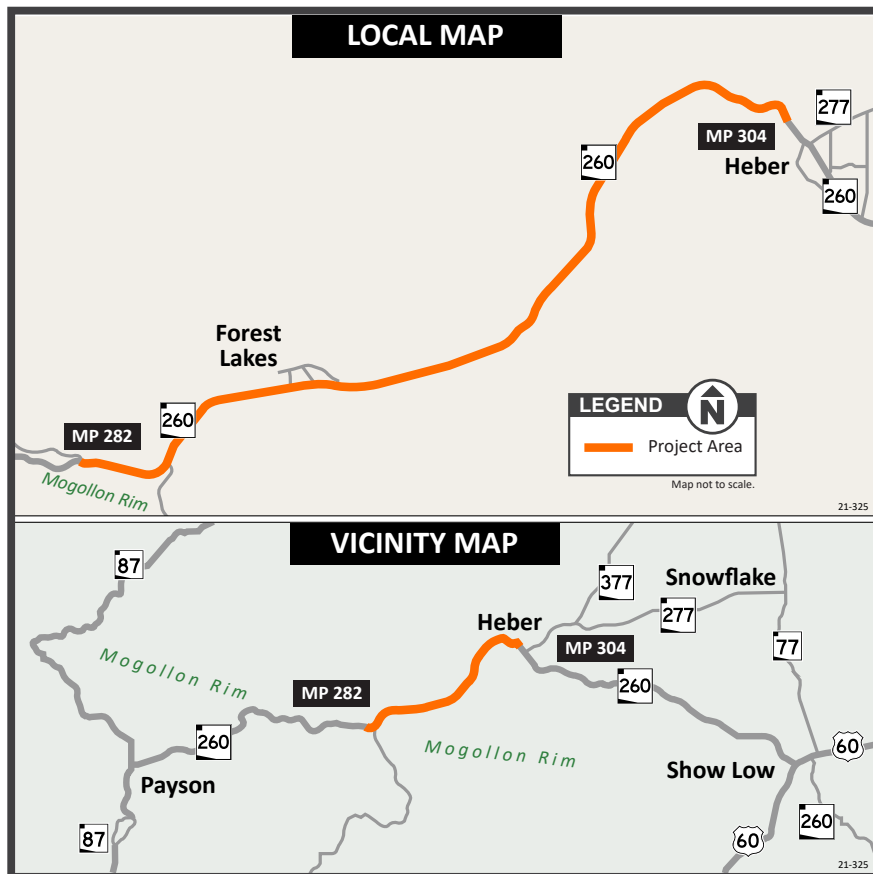

The Arizona Department of Transportation in conjunction with the Federal Highway Administration is improving the roadway along a 22-mile stretch of State Route 260 between Rim Road and Gibson Road (mileposts 282-304). The project includes constructing a 5-foot shoulder on both sides of the roadway, extending and improving drainage facilities, guardrail improvements, spot pavement repairs and restriping of the roadway. The purpose of this project is to improve safety by increasing shoulder width of the existing roadway.

WHAT TO EXPECT

Construction is anticipated to begin this spring and last through approximately fall 2024. The project will occur within ADOT right-of-way. Traffic will be restricted to one lane only with alternating east- and westbound travel 6 a.m. to 5 p.m., Mondays through Thursdays and 6 a.m. to noon on Fridays. As a result, motorists may experience traffic delays. Traffic restrictions will be removed during non-working hours. Access to businesses, recreational facilities and residences will be maintained throughout construction.
