Notes:

1/ Beginning Balances of Apportionments and OA may not match. See notes 2 and 3.

2/ Apportionments represent the amount of federal funding based on formula. It is not unusual for apportionments to exceed OA, resulting in excess apportionments that may not be obligated. Over the multi-year life of the federal transportation act, apportionments may accumulate but cannot be utilized unless Congress has approved a matching amount of OA. There is no guarantee Congress will provide the necessary OA needed to fully utilize apportionments. See notes 3 and 5.

3/ Obligation Authority is the amount of authorized apportionments which Congress allows states to obligate in an individual year. This is the amount the federal government will reimburse.

4/ Action Abbreviations: AUTH = New Authorization; CONV = Conversion from Advanced Construction; FV = Final Voucher; MPA = Modified Project Agreement.

5/ Due to lack of a long-term program authorization and because OA is being made available by Congress incrementally through multiple Continuing Resolutions, the ratio of OA to Apportionments for FFY 11 is not yet known. However, the OA ratio in FFY 10 was 93% and it is anticipated to be approximately the same in FFY 11.

6 through 12/ See attached table regarding FFY 11 Continuing Resolutions, Apportionments and Obligation Authority.

13/ As a result of ADOT crediting OA at 100% in FFY11, YMPO has benefitted from an additional \$84,774 in OA. See circled amount on the attached table.

* STP funding is distributed to Arizona's rural COGs and MPOs based on the percent of the state's total population (according to the 2000 Census) which each represents. See http://www.azdot.gov/Inside_ADOT/FMS/PDF/STP%20Greater%20AZ.pdf. If applicable, this figure represents the sum of all sub-allocated funds.
