

August 1, 2001

Victor Mendez, Director
Arizona Department of Transportation
206 South 17th Avenue, MD 100A
Phoenix, AZ 85007

Dear Mr. Mendez:

The following is a comprehensive summary of transportation-related legislation before the First Regular Session of the 45th Legislature. The 2001 Regular Legislative Session lasted 100 days, producing 416 enactments out of the 1,221 bills, memorials and resolutions introduced. Of the 416 bills sent to the Governor, Governor Hull signed 388 bills and vetoed 28 bills. The Legislature additionally passed and filed 16 memorials and resolutions.

This document provides summaries of legislation tracked by the Arizona Department of Transportation (ADOT). The information is presented in the following format:

- Members of the 2001 ADOT Legislative Team
- Members of the 45th Legislature
- Table of Contents
- Index of Legislation Enacted
- Transportation-Related Legislation Enacted
- Transportation-Related Legislation Vetoed (and Governor's Message, as applicable)
- Transportation-Related Legislation Sorted by Principal A.R.S. Code/Title Impact
- Transportation-Related Legislation Sorted by Bill Number

Official copies of all 2001 Chapter Laws and complete files of action for public review (for both the Regular and Special Session) are available upon request by contacting the Arizona Department of Transportation Legislative Services Office at (602) 712-7412, or visiting us at the ADOT Administration Building located at 206 S. 17th Avenue, Room 173, Phoenix, AZ 85007. For large quantity copy requests, we ask that you contact the Secretary of State's Office of Publications at (602) 542-4086, or visit them at 1700 W. Washington, 1st Floor, Phoenix, AZ 85007.

For those with Internet access, *The 1998-2001 Final Summaries* can also be found online by visiting our agency web site at www.dot.state.az.us. Additionally, full legislative bill and chapter law text, fact sheets and other legislative information and links are available online at www.azleg.state.az.us.

Unless otherwise specified, the general effective date of First Regular Session enactments is August 9, 2001.

Sincerely,

2001 ADOT LEGISLATIVE TEAM

TRANSPORTATION-RELATED LEGISLATION
HOUSE BILLS ENACTED INTO LAW
45th Legislature, 1st Regular Session
Arizona Department of Transportation Legislative Final Summary

- Note – Arizona Legislative Information Systems (ALIS) and Legislation On Line in Arizona (LOLA) were important sources in compiling the following summaries.

[HB 2011] NITROUS OXIDE; CONTAINERS

(Laws 2001, Chapter 145)

(Rep. Gleason) Makes it illegal to sell or distribute a container of nitrous oxide, "laughing gas", to anyone under 18 years of age. A violation of this law is a Class 5 felony. Anyone under the age of 18 convicted of a nitrous oxide crime will have their driving license suspended by the state. An emergency measure has been added, therefore allowing the bill to immediately go into effect upon the Governor's signature.

[HB 2017] PERSONAL PROPERTY TAX ASSESSMENT; CORRECTIONS

(Laws 2001, Chapter 186)

(Rep. May) Repeals two of the statutes enacted that were incorrectly drafted along with other modifications. The section related to Notice of Value is replaced with the 1999 law and requires each county treasurer to handle notices for property taxes due for the personal property tax roll. The section related to the certification of the unsecured personal property tax roll has been replaced with the 1999 version.

[HB 2021] PROPERTY VALUATION; COMMON AREAS; AIRPORTS

(Laws 2001, Chapter 65)

(Rep. Robson and Pearce) The definition of common areas for tax valuation has been expanded to include airports. Airports, are defined as runways and taxiways used primarily by residents of the residential subdivision but may be designated by the Federal Aviation Administration as a reliever airport and receives no public funding.

[HB 2025] UNIFORM COMMERCIAL CODE; SECURED TRANSACTIONS

(Laws 2001, Chapter 102)

(Rep. Leff) Numerous technical and clarifying changes are made to the Uniform Commercial Code (UCC) Secured Transactions statutes, as well as clarifying definitions and requirements for financing statements. The bill expands the definition of *chattel paper* to include security interest in specific goods and the licensing of associated software. Among other things, the bill establishes a pre-effective date financing statement.

HOUSE BILLS PASSED/ENACTED

- [HB 2040] **POWER TRANSMISSION LINES; COMMITTEE; PROCEDURES S/E, NOW: LINE SITTING COMMITTEE; COMPENSATION; PENALTIES**
(Laws 2001, Chapter 104)
(Rep. Hatch-Miller and 4; Sen. Valadez) Defines Current Planned Arizona Electric Transmission System. Entities planning to construct a power plant are required to submit an outlined plan ninety days prior to filing an application for a Certificate of Environmental Compatibility. The plan must include the location of the plant and capacity, the power output specifications, the type of fuel to be used, and analysis of the impact on the transmission systems. The bill allows committee members representing the public to be compensated by the Line Citing Committee. Information provided to the Corporation Commission is to be confidential. Disclosure of information is a class 2 misdemeanor.
- [HB 2042] **MUNICIPAL BONDS; ELECTRONIC BIDDING**
(Laws 2001, Chapter 105)
(Rep. Hatch-Miller and 6; Sen. Valadez) Allows for the selling of bonds by counties and municipalities via the process of electronic bidding. Bids for bonds sold through this process are to be concealed until a specified time or to be disclosed in an auction format. In addition to the technical and conforming changes, the bill permits bids for bonds that are sold through the electronic bidding process to be subject to improvement in favor of a municipality at a specific time.
- [HB 2043] **STATE WEB SITES; PRIVACY STATEMENTS**
(Laws 2001, Chapter 269)
(Rep. Hatch-Miller and 7; Sen. Valadez) State agency web sites must contain a privacy statement that describes the agencies' policies on how the information gathered by the site will be collected and used.
- [HB 2052] **VEHICLES; TITLE AND REGISTRATION**
(Laws 2001, Chapter 325)
(Rep. Cooley and 4) Requires the Arizona Department of Transportation Motor Vehicle Division (MVD) to issue a vehicle title to the lien holder not the buyer or owner of the vehicle. If there is no longer a lien on the vehicle, the vehicle title will be directly issued to the owner of the vehicle. MVD is to establish an electronic system for titles in lieu of paper documents. Appropriates \$277,950 in FY 2001-2002 and \$60,000 in FY 2002-2003.

HOUSE BILLS PASSED/ENACTED

- [HB 2053] **DRIVER LICENSES** S/E NOW: **DRIVER LICENSES; IGNITION INTERLOCK**
(Laws 2001, Chapter 274)
(Rep. Cooley and 4; Sen. Martin) Adds changes to statutes affecting the issuance and suspension of driver's licenses at the request of the Arizona Department of Transportation Motor Vehicle Division (MVD). The provision under HB 2182 pertaining to ignition interlock installation has been included and requires MVD to order a person convicted of an Extreme Driving Under the Influence (DUI), Aggravated DUI, or a second DUI within sixty months, install an Ignition Interlock Device (IID) for a twelve month period. In ARS Title 28, establishes a two year driver's license suspension for anyone 18, 19, or 20 who is convicted of driving with any alcohol in their body. A judge may permit such a person to drive to and from work and school.
- [HB 2055] **MVD; THIRD PARTY REIMBURSEMENT**
(Laws 2001, Chapter 326)
(Rep. Cooley and 4; Sen. Martin) The Arizona Department of Transportation is required to reimburse authorized third parties no more than \$4 for each VLT payment collected, \$4 for driver licenses or permits, \$1 or 2% of each irregular size vehicle registration, \$1 for each motor vehicle record, and \$5 for each tax report filing. Third parties are to post their charges in addition to the state's charges. Motor vehicle records that are released to commercial entities or their authorized agents are not eligible for third party reimbursement.
- [HB 2056] **LICENSED VEHICLE DEALERS**
(Laws 2001, Chapter 107)
(Rep. Cooley and 2) The Arizona Department of Motor Vehicle Division requested numerous changes to statutes regarding motor vehicle dealers. The changes include examining a licensee's records by the director or an authorized representative of a law enforcement agency, and not allowing a license to be transferable, salable, or eligible for reassignment. Other changes include increasing the department's authority upon issuing a cease and desist order, and suspending temporary registration, dealer, and manufacturer plates. There are additional technical and conforming changes.
- [HB 2057] **ADOT; UTILITY DAMAGE AGREEMENTS**
(Laws 2001, Chapter 108)
(Rep. Cooley and 10; Sen. Brown and 2) The Arizona Department of Transportation (ADOT) is authorized to enter into contracts to compensate a utility company for damages that increase the costs of maintenance due to changes incurred by a utility company for the accommodation of a transportation facility.

HOUSE BILLS PASSED/ENACTED

- [HB 2075] **MILITARY AIRPORT REUSE COMMITTEE; REPEAL**
(Laws 2001, Chapter 114)
(Rep. Jarrett) Repeals the Joint Legislative Military Reuse Committee. Military facilities that were closed after 1990 are the only facilities able to establish a Joint Powers Airport Authority. A military reuse zone is now designated as a closed military facility with a runway that is at least 8000 feet long.
- [HB 2092] **BUSINESS INCOME ALLOCATION, SALES FACTOR S/E, NOW: COUNTY JAIL DISTRICTS; COSTS; REIMBURSEMENT**
(Laws 2001, Chapter 209)
(Rep. Huffman and 6; Sen. Hellon) County jail districts are added to the list of districts that the county board of supervisors may require reimbursement to the county for the cost of providing services to the districts. Allows the county jail districts to pay the county for the cost of services they do not handle themselves except for the services the counties are required to provide.
- [HB 2123] **BIODEIESEL; GOVERNMENT FLEETS**
(Laws 2001, Chapter 70)
(Rep. Carpenter) Public sector fleets are now required to meet their total plan of alternative clean burning fuel mandates using biodiesel.
- [HB 2134] **CREDIT CARD TRANSACTIONS; RECEIPTS; FRAUD**
(Laws 2001, Chapter 188)
(Rep. May) Limits credit card numbers that appear on receipts to only the last five digits. No longer allows the credit card expiration date to be electronically printed on receipts. Any violation of credit card regulations may be investigated by the Arizona Attorney General.
- [HB 2157] **INTERGOVERNMENTAL AGREEMENTS; PROCEDURE; LIMITAION**
(Laws 2001, Chapter 125)
(Rep. Brimhall) Intergovernmental agreements are able to form a separate legal entity in order to exercise powers that were jointly held by contracting parties of an intergovernmental agreement. Specific information is required upon formation of the entity that must specify the precise organization, composition, title and nature of the entity.

HOUSE BILLS PASSED/ENACTED

- [HB 2181] ~~**SUSPENDED DRIVER LICENSE ENFORCEMENT**~~ S/E, NOW:
SCHOOL BUS DRIVERS; REQUIREMENTS
(Laws 2001, Chapter 126)
(Rep. Gray and Anderson; Sen. Hamilton) Requires that each applicant for a school bus driving certificate must submit fingerprints to the Arizona Department of Public Safety (DPS) for a criminal background check. The fingerprints are to be submitted to the FBI in order to match Arizona's statute with FBI standards. Also makes clear that a school bus driver is to use flashing warning signal lights for departure and boarding purposes.
- [HB 2182] ~~**DUI; IGNITION INTERLOCK DEVICES**~~ S/E, NOW: **IGNITION INTERLOCK DEVICES; DUI**
(Laws 2001, Chapter 253)
(Rep. Gray and Anderson) Requires that an ignition interlock device (IID) be used for 12 months going into effect on the date of conviction for a DUI offense or on the conclusion of license suspension or revocation, depending on what occurs later.
- [HB 2229] **RENTAL TRUCK; TRAILERS; SURCHARGE**
(Laws 2001, Chapter 147)
(Rep. Pearce) Trucks, trailers, and semi-trailers used for transporting personal property are to be recognized as rental vehicles and subject to the rental vehicle surcharge.
- [HB 2277] ~~**RED LIGHTS; VIOLATIONS; PROCEDURES**~~ S/E, NOW:
TRAFFIC LIGHTS; VIOLATIONS; PROCEDURES
(Laws 2001, Chapter 190)
(Rep. Voss and 3; Sen. Richardson) Fines for traffic violations including red light running, stop sign running, and illegal left turns are to be retained at current statutory levels. A person who commits one of these violations is required to attend Traffic Survival School if they are ineligible to attend Defensive Driving School. The Governor's Highway Safety Team is to issue a report on methods that will reduce these types of traffic violations.

HOUSE BILLS PASSED/ENACTED

- [HB 2327] **IDENTITY THEFT S/E, NOW: IDENTITY THEFT; REVISIONS**
(*Laws 2001, Chapter 113*)
(Rep. Marsh) The definition of *falsely alters a written instrument* has been expanded to include counterfeiting, washing and connecting different parts of the whole of more than one genuine instrument. The definition of *personal identifying information* has also expanded to include savings or checking account number, credit card or debit card number, mother's maiden name, fingerprint, retina image or iris. The crime of taking the identity of another person now includes selling or transferring personal identifying information of another person. Removed, is the language concerning whether a victim did or did not suffer an economic loss.
- [HB 2337] **STATE CREDIT CARD USE; DEFINITIONS**
(*Laws 2001, Chapter 354*)
(Rep. Marsh and Hatch-Miller) Allows state agencies, already accepting credit cards or charge cards as way of payment, to determine whether there will be discount fees, convenience fees, or transaction fees, except in payments for occupational, business, or motor vehicle fees and licensing. The deduction of convenience fees is determinable by the agency.
- [HB 2355] **WATER; SEWER; CONSTRUCTION PROCUREMENT EXCEPTION**
(*Laws 2001, Chapter 77*)
(Rep. Flake and 3; Sen. Brown) The total cost of a water or sewer project for procurement purposes shall not include work done by volunteers and donations.
- [HB 2370] **TRAFFIC ACCIDENTS; CLEARANCE; HOV LANE**
(*Laws 2001, Chapter 337*)
(Rep. Cooley and 7; Sen. Brown) Specifies a number of penalties and requirements regarding highway work zones and motor vehicle accidents. Drivers of vehicles involved in an accident on a divided highway are to safely move the vehicle to the shoulder of the road if able and if there are no apparent serious physical injuries. Quick-clearance of traffic accidents are prescribed. Specific standards for using traffic-control devices in highway work zones are to be adopted by the Arizona Department of Transportation.

HOUSE BILLS PASSED/ENACTED

- [HB 2371] **CONTRACTORS; ADVERTISEMENTS; VIOLATIONS; TELECOMMUNICATIONS SERVICE S/E, NOW: ADVERTISEMENTS; CONTRACTORS; CONSUMER FRAUD**
(Laws 2001, Chapter 78)
(Rep. Cooley and 11; Sen. Brown and Martin) The strike everything amendment requires unlicensed persons performing jobs to disclose their unlicensed status or face criminal prosecution for a violation of the Consumer Fraud Act. The words *not a licensed contractor* must be included in their advertising and be made available to the public. A licensee's contracting license shall include the acronym ROC before the license number.
- [HB 2372] **MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT**
(Laws 2001, Chapter 54)
(Rep. Cooley and 9; Sen. Brown) Conforming changes to the multistate highway transportation agreement as well the method for choosing representatives for the cooperating committee have been incorporated.
- [HB 2377] **INTERGOVERNMENTAL PUBLIC TRANSPORTATION DISTRICTS**
(Laws 2001, Chapter 148)
(Rep. Cooley and 8; Sen. Brown) Intergovernmental public transportation authority (IGPTA) may organize in any county with a population of 400K or less. Provides IGPTA with the ability to design, operate, and maintain the public transportation system in the authority. The bill outlines the organization powers and duties of the governing body of the authority as well.
- [HB 2425] **DESIGN-BUILD; CLEANUP**
(Laws 2001, Chapter 227)
(Rep. Nelson) Various statutes are modified regarding procurement methods available to both state and local government agencies for professional and construction services. In 2000, HB 2340 was passed, which codified the pilot program of design-build for ADOT. Included are numerous technical and clarification changes.
- [HB 2426] **ENVIRONMENT; WATER QUALITY; AZPDES PROGRAM**
(Laws 2001, Chapter 357)
(Rep. Huffman and 11; Sen. Guenther and Brown) The director of the Department of Environmental Quality (DEQ) is to adopt rules for establishing an Arizona Pollutant Discharge Elimination Program (AZPDES) that is consistent, but not stricter than or in conflict with the National Pollutant Discharge Elimination System (NPDES). Requires consistency with the federal Clean Water Act. Clarifies rules for pre-treatment programs, sewage sludge programs, and conditions for imposing penalties for violations.

HOUSE BILLS PASSED/ENACTED

- [HB 2447] **ANTITRUST EXEMPTION; TELECOMMUNICATION SERVICES**
(Laws 2001, Chapter 50)
(Rep. Brotherton and 3; Sen. Bundgaard) Competitive telecommunication services are excluded from being exempted from the uniform state antitrust act because of this bill. A disclaimer is included that states the exemption does not intend to address the legality of contracts between telecommunication service providers and owners or managers of large buildings or residential apartment complexes.
- [HB 2449] **AIR QUALITY; CARB DIESEL**
(Laws 2001, Chapter 229)
(Rep. Allen) Every diesel vehicle registered in the state weighing over 8,500 pounds will require a \$10 fee and every person subject to an apportioned fee. The fees collected are to be deposited into the Voluntary Vehicle Repair and Retrofit Fund (VRR). The purpose of this funding program is to include grants for vehicle repair and retrofit to diesel vehicles that fail emission testing. In FY2002 and FY2003, VRR revenues will increase by at least \$1,890,000 according to estimates by the Department of Transportation Division of Motor Vehicle.
- [HB 2473] **EXTREME DUI; ALCOHOL CONCENTRATION**
(Laws 2001, Chapter 51)
(Rep. Gray and 41; Sen. Bundgaard and 17) Any person operating or controlling a vehicle with a Blood Alcohol Content (BAC) of 0.15 or more is guilty of driving while under the extreme influence of intoxicating liquor. This bill lowers the BAC from 0.18 to 0.15. Contains an emergency clause, therefore becomes effective upon signature of the Governor.
- [HB 2486] **RECREATIONAL VEHICLES; LENGTH RESTRICTIONS**
(Laws 2001, Chapter 52)
(Rep. Cooley and 9; Sen. Aguirre and 2) The maximum allowable length for a recreational vehicle is extended to 45 feet. Recreational vehicle is defined as a motor home providing living quarters for camping or any other recreational travel and is a part of a self-propelled motor vehicle chassis or on a chassis cab or van that is an integral part of the complete vehicle.

HOUSE BILLS PASSED/ENACTED

- [HB 2496] **PREVENTION OF CHILD ABUSE FUND**
(Laws 2001, Chapter 171)
(Rep. Cooley and 22) Requires the governor's office to forward all monies from the prevention of child abuse fund to a private foundation each year. The private foundation must then match all or a portion of the monies in the fund. Eliminates the requirement for a statewide entity to receive child abuse prevention fund monies. The Division for Children in the Governor's Office is to submit a report each year on all expenditures, grants, and remaining balance in the fund by December 31. The report is to be sent to the Governor, the President of the Senate, and the Speaker of the House of Representatives. A list of all grants awarded is to be made available to the public by the director of the Division of Children in the Governor's Office.
- [HB 2521] **ARIZONA MEXICO COMMISSION; DATA; COOPERATION**
(Laws 2001, Chapter 231)
(Rep. Soltero and 18) Allows various state agencies to cooperate with the Arizona Mexico commission in collecting data that relates to quality of life, trade and economic development of Arizona and Mexico, and enhances the economic competitiveness of the Arizona-Mexico region. These agencies include the departments of agriculture, education, economic security, transportation, health services, environmental quality, corrections, commerce, public safety, and game and fish. The Arizona Health Care Cost Containment System and the Arizona Office of Tourism are included as well.
- [HB 2535] **APPROPRIATIONS; GOVERNMENT BUILDING**
DEFIBRILLATORS
(Laws 2001, Chapter 308)
(Rep. Hatch-Miller and 8; Sen. J. Lopez and 2) \$50,000 in FY 2001-2002 and \$50,000 in FY 2002-2003 is appropriated to install automated external defibrillators in state and local government buildings. The monies are appropriated from the emergency medical services operating fund to the Department of Administration (DOA). A report on recommended locations is due on November 1, 2001 and must be submitted to the Governor, Speaker of the House, and President of the Senate.

HOUSE BILLS PASSED/ENACTED

- [HB 2538] **BROWN CLOUD STUDY; AIR QUALITY**
(Laws 2001, Chapter 371)
(Rep. Allen) Recommendations from the Governor’s Brown Cloud Summit are implemented. Repeals the Clean Air Fund (CAF) after June 30, 2003 and terminates the in lieu fee for emissions testing on that date. Expands Area A boundary that includes most of Maricopa and parts of Pinal and Yavapai Counties. Requires any part of Area A to adopt and enforce idle-time ordinances for heavy diesel vehicles with exceptions. Requires the director of the Department of Environmental Quality to create a “daily visibility index” in Area A to measure visibility results by the end of 2003. The method to evaluate “blue sky days” uses a range of 25 miles of visibility with a goal of 275 days in 2003. Requires the director of the Department of Transportation to develop a plan for greater use of bypass routes during periods when visibility in the Phoenix Metro-Area is poor.
- [HB 2582] **PROCUREMENT; ON-LINE BIDDING**
(Laws 2001, Chapter 375)
(Rep. Voss and 6) Public agencies are authorized to obtain bids for goods, services, construction, and information services using electronic bidding. An opening date and time are to be designated, and allows the closing date and time to be fixed or to remain open. Public agencies are authorized to require bidders to register before the bid, specify terms, and establish other requirements. All public bids are to be made public information. An emergency clause to the bill allows it to go into effect immediately after the Governor’s signature.
- [HB 2631] **GENERAL APPROPRIATIONS ACT**
(Laws 2001, Chapter 236)
(Rep. Knaperek and 19) The general appropriations bill for FY 2002 appropriates \$6,142,707,500 from the state General Fund (GF) and \$1,715,204,700 from other state funds (OF). For FY 2003, the bill appropriates \$6,453,944,100 from the GF and \$ 1,756,924,500 from the OF in order to fund the maintenance and operations of each state agency and public schools. For the biennium, GF appropriations equals \$12,596,651,600 and OF appropriations equals \$3,472,129,200.

TRANSPORTATION-RELATED LEGISLATION
SENATE BILLS ENACTED INTO LAW
45TH Legislature, 1st Regular Session
Arizona Department of Transportation Legislative Final Summary

- Note – Arizona Legislative Information Systems (ALIS) and Legislation On Line in Arizona (LOLA) were important sources in compiling the following summaries.

[SB 1010] MOTOR VEHICLE INSURANCE; NONCANCELLATION

(Laws 2001, Chapter 239)

(Sen. Cirillo) Allows insurance companies to transfer policyholders on review of their driving record from one policy to another without limitation to the insured's policy. A transferred policyholder who commits moving violations and at-fault accidents, may be transferred to another affiliated insurance company. Makes clear that the excluded or transferred insured's driving record cannot be used to determine rates, surcharges, or premiums for other drivers. An insurance company cannot cancel or not renew an insured policy based on the person's residence, age, race, color religion, sex, sexual orientation, marital status, national origin, ancestry, or driving record.

[SB 1037] MOTORCYCLE SAFETY FUND; ESTABLISHMENT

(Laws 2001, Chapter 316)

(Sen. Smith and 5; Rep. Avelar and 3) Establishes a motorcycle safety fund to pay for motorcycle safety, education, and awareness programs. Transfers \$1 of each motorcycle registration fee from the state highway fund to the motorcycle safety fund until it reaches \$150,000.

[SB 1089] ALCOHOL OFFENSES; 0.08 ALCOHOL CONCENTRATION

(Laws 2001, Chapter 95)

(Sen. Nichols and 4; Rep. Landrum) Changes the Blood Alcohol Concentration of .10 to .08. It makes it unlawful for a person to operate a watercraft or motor vehicle with a BAC of .08 or more. This legislation contains an intent clause stating that its intention was to conform to the recommendation of the National Safety Council. States that are in non-compliance with the established national standard set by Congress are at risk in losing a portion of their federal highway funds each year beginning FY 2004. In order to have their funds restored to the state's apportionment, States have until FY 2007 to comply. Contains a delayed effective date of August 31, 2001.

[SB 1104] APPROPRIATION; UNDERGROUND STORAGE TANK PROGRAM

(Laws 2001, Chapter 272)

(Sen. Bowers and Richardson) \$500,000 is to be appropriated to the Department of Environmental Quality (DEQ) in FY 2002-2003 for paying partial coverage of repairing leaking underground storage tanks. The appropriation shall not be used for administrative costs.

SENATE BILLS PASSED/ENACTED

- [SB 1111] **COUNTY TREASURERS; PROCEDURES**
(Laws 2001, Chapter 28)(Sen. Mitchell and 11) Changes are made to the statutes governing authority of county and other local government treasurers (not state treasurers). The list of a treasurer’s eligible investment is expanded. School districts that have assumed accounting responsibility are to be included as an eligible designee in preference of payment of warrants.
- [SB 1137] ~~**EXTREME DUI; ALCOHOL CONCENTRATION**~~ S/E, NOW:
SUSPEDED DRIVER LICENSES; VEHICLE IMPOUNDMENT
(Laws 2001, Chapter 377)
(Sen. Hamilton and 11) Allows a peace officer to impound a vehicle of a person driving on a revoked license or on a suspended license for driving under the influence (DUI). Makes clear that the vehicle owner is responsible for paying all towing costs, storage, and other impoundment charges unless the vehicle was stolen and theft was reported to the proper law enforcement agency.
- [SB 1174] **ABANDONED VEHICLES; PAYMENT OF COSTS**
(Laws 2001, Chapter 210)
(Sen. Richardson and 11; Rep. Voss and 2) Requires a property owner to be reimbursed for the costs incurred for storage of an abandoned vehicle by the vehicle owner. Law enforcement agencies are exempt from paying the property owner for storage and filing costs if by law the agency is authorized or required to remove the vehicle. Reimbursement of abandoned vehicle storage costs or filing fees is required to a property owner in counties of 400,000 persons or less. Allows off-duty officers and others to determine if a vehicle is stolen.
- [SB 1177] **DEPARTMENT OF WEIGHTS AND MEASURES**
(Laws 2001, Chapter 164)
(Sen. Bennett and 3) The definition of *registered service agency and representative* is expanded to include testing or repair to vapor recovery systems or components. The bill also modifies the definition of *retail seller* to include sellers of any package or commodity by weight, measure, or count. The Department of Weights and Measures shall not be permitted to inspect meters at federal, state, and local agencies unless requested to do so.

SENATE BILLS PASSED/ENACTED

- [SB 1193] **TRAILERS; SEMITRAILERS; PERMANENT REGISTRATION**
(Laws 2001, Chapter 154)
(Sen. Daniels and Aguirre) A one-time registration and vehicle license tax fee for trailers or semitrailers exceeding 10,000 pounds gross vehicle weight (GVW) is established. The initial one-time registration fee is \$245 and one-time tax is \$555. The registration renewal fee is \$145 and the renewal tax is \$355. \$180,000 is appropriated from the state highway fund in FY 2001-2002 to the Arizona Department of Transportation (ADOT) for implementation costs. Delays the effective date to August 31, 2001.
- [SB 1217] **VENTURE TEAMS; REPEAL**
(Laws 2001, Chapter 98)
(Sen. Aguirre and 2; Rep. Avelar and Loreda) Venture teams of the Arizona Department of Corrections (ADC), the Arizona Department of Economic Security (DES), and the Arizona Department of Transportation (ADOT) are repealed.
- [SB 1218] **GRAND CANYON AIRPORT; LEASE**
(Laws 2001, Chapter 99)
(Sen. Aguirre and Jackson; Rep. Avelar) Removes the 20 year limit to enter into a lease and the 20 year option to renew leases with the Grand Canyon national park airport. The nonprofit corporation leasing the Grand Canyon national park airport is exempt from statutory code on highways, property liens, the personnel system, and rule making procedures or the procurement code. An emergency clause is included, therefore becoming effective upon signature of the Governor.
- [SB 1243] **APPROPRIATIONS; HIGHWAY PATROL**
(Laws 2001, Chapter 1)
(Sen. Aguirre and 2; Rep. Avelar) Appropriates roughly \$26 million to the Department of Public Safety (DPS) for FTEs. The amount appropriated from the highway-user revenue fund (HURF) to DPS is intended for additional hires, overtime pay, and highway patrol vehicle replacement. Contains an emergency clause, which upon signature of the Governor, goes into effect immediately.
- [SB 1251] **FLIGHT PROPERTY TAX REVENUE DISTRIBUTION S/E,**
NOW: FLIGHT PROPERTY TAX REVENUE
(Laws 2001, Chapter 286)
(Sen. Cirillo) Fifty per cent of the flight property tax is to be deposited into the aviation fund. Beginning July 1, 2003, 100 per cent of the revenues will go to the aviation fund. In any FY, not one airport is to receive more than ten per cent of the total aviation fund.

SENATE BILLS PASSED/ENACTED

- [SB 1271] **FUEL TAXES; REVISIONS**
(Laws 2001, Chapter 287)
(Sen. Aguirre; Rep. Avelar) Makes multiple technical and conforming changes to current statutory provisions regarding fuel suppliers, vendors, and fuel consumers by establishing a structure under Title 28. Specifies the particular agencies that have enforcement authority pertaining to regulation of fuel suppliers, vendors, and reporting. Changes the definition of *motor fuel* to include gasoline, diesel, and aviation among other clarifying changes.
- [SB 1272] **ADOT; PROPERTY; RIGHT OF WAY**
(Laws 2001, Chapter 100)
(Sen. Aguirre; Rep. Avelar) Changes are made to the processes and authority that the Arizona Department of Transportation (ADOT) has involving the disposal of excess land owned by the Department including environmental mitigation and banking credits. Gives the Director authority to sell property by direct sale if the property fails to sell at auction for the low appraisal amount. If the unneeded property is unable to sell for the low appraisal amount, it can then be sold at a price as low as or equal to 80 percent of the low appraisal amount. In the case that more than one person makes an offer at or above the 80 percent level, another auction must be held. The bill also eliminates new provisions concerning telecommunications lease issues. In addition, the bill eliminates proposed Department exemption regarding notification to cities, towns, or counties relating to abandonment of street improvements and reconnections when a highway is completed, but a 120 day advanced notice must be given by the Department.
- [SB 1286] **GOVERNMENT EMPLOYEE HEALTH INSURANCE**
(Laws 2001, Chapter 288)
(Sen. Solomon) Increases the statutory expenditure amount that can be spent on state health and accident coverage for state employees and their dependents to \$500 from \$215 for individual coverage and \$1,200 from \$460 for married couples and family coverage.
- [SB 1332] ~~**STATE GOVERNMENT, TECHNICAL CORRECTIONS S/E,**~~
NOW: EMINENT DOMAIN STUDY COMMITTEE
(Laws 2001, Chapter 150)
(Sen. Mitchell) Establishes a nine member study committee on eminent domain to review and make recommendations concerning eminent domain procedural and compensation issues including comparison of state and local eminent domain laws as well as how Arizona's eminent domain laws compare to other western states' laws. There are a total of ten related issues.

SENATE BILLS PASSED/ENACTED

- [SB 1349] **HURF DISTRIBUTION ADJUSTMENTS S/E, NOW: HURF ALLOCATION ADJUSTMENTS**
(Laws 2001, Chapter 40)
(Sen. Arzberger and 6) The Arizona Department of Transportation is required to make adjustments to the Highway User Revenue Fund (HURF) and vehicle license tax (VLT) allocations that do not exceed twenty-five percent each month. In the case that an overage occurs in HURF and VLT allocations, ADOT is required to reduce the monthly allocation by the amount of the overage as long as the remaining amount is at least 75 percent of the original allocation.
- [SB 1369] **VEHICLE LAWS; DIPLOMATIC IMMUNITIES; PRIVILEGES**
(Laws 2001, Chapter 206)
(Sen. Guenther and Aguirre) Establishes a requirement for law enforcement officers to obtain verification of a driver’s status by the State department and submit a report on moving violations committed by foreign diplomats to the Department of Public Safety within five business days. The Department of Public Safety is responsible for records retention and reporting the incidents to the US Department of State within another five business days upon receiving report of the incident.
- [SB 1371] **DIESEL PROGRAM; APPLICATION PRIORITY; CORRECTION**
(Laws 2001, Chapter 179)
(Sen. Guenther) Permanently places a one-year moratorium of the 6th special session legislation on the issuance of grants for the alternative fuel vehicle (AFV) program, which includes the purchase or conversion of alternative fuel vehicles and AFV fuel delivery systems. Contracts and purchase orders for purchase or conversion of a vehicle must have been made before October 20, 2000 to be considered eligible. If contracts and purchase orders are eligible, grants may be made until October 1, 2001 for conversion or replacement of diesel vehicles, but no more than \$6.5 million can be distributed. After FY 2000-2001, no clean air fuel grants are to be made. The method to calculate mandated alternative fuel is changed as well as the definition of “new” vehicle. An emergency clause has been added, therefore the bill will immediately go into effect upon the Governor’s signature.
- [SB 1400] **SALES TAX; ARIZONA HIGHWAYS**
(Laws 2001, Chapter 36)
(Sen. Bundgaard) Provides an exemption from transaction privilege taxation (TPT) for leased or rented promotional materials used on publications to encourage tourism.

SENATE BILLS PASSED/ENACTED

- [SB 1429] **HYBRID VEHICLES; HOV LANE USE**
(Laws 2001, Chapter 168)
(Sen. Blanchard and 8; Rep. Burton Cahill Rep.) Permits persons driving hybrid vehicles to use the High Occupancy Vehicle (HOV) lanes without requiring a certain number of passengers in the vehicle, provided that the federal government approves. A Hybrid Vehicle is one that is factory manufactured to be less fuel consuming and energy efficient. It must also receive approval by the US Environmental Protection Agency (EPA) as meeting the minimum ultra low emission standard. A person owning a hybrid vehicle is eligible to apply for an alternative fuels plate and hybrid vehicle sticker for privilege to use the HOV lanes regardless of passenger number.
- [SB 1436] **CHILD SUPPORT; EMPLOYER COOPERATION**
(Laws 2001, Chapter 121)
(Sen. Petersen) As part of a support or maintenance proceeding, employers are forced to cooperate with a child support enforcement entity when requesting information. All requests would now be part of the proceeding and not the order. The bill also specifies what information may be identified and located.
- [SB 1455] **AIR QUALITY; ORDER OF ABATEMENT**
(Laws 2001, Chapter 292)
(Sen. Guenther and 2; Rep. Huffman and 5) Changes current statutes regarding state and county order of abatement, which prohibits renewals of orders. Allows the order to be renewable, no more than a year, through the Director of the Department of Environmental Quality (DEQ) or a County Control Officer if good cause is presented.
- [SB 1525] **PRESERVATION OF MILITARY AIRPORTS**
(Laws 2001, Chapter 23)
(Sen. Hamilton and Bowers) Legislation that was adopted in 2000 required the Attorney General (AG) to enforce planning, zoning, and sound requirements within a territory in the area of military airports. It also established civil penalties for noncompliance. This bill enhances the notification requirements of proposed development in the area of military airports as well as reduces the size and scope of the area responsible for reporting to the AG about the compliance of military airport compatibility. Among other things, the bill also requires property owners in a high noise and accident potential zone to notify potential buyers or renters about the property status and requirements of military airport compatibility.

SENATE BILLS PASSED/ENACTED

[SB 1544] COUNTY ROAD CONSTRUCTION FINANCE

(Laws 2001, Chapter 184)

(Sen. Verkamp; Rep. O'Halleran and 2) Section 48-986.01 was added allowing the county board of supervisors to establish a revolving fund to finance infrastructure construction in unincorporated areas of the county.

Allows the county to advance monies from the county general fund to finance infrastructure totaling costs no more than \$300,000 and stipulates the advance may be through bond purchases or other indebtedness not to exceed ten year repayment terms. Interest accumulated on any advance must be paid by the district.

**45th Legislature
1st Regular Session
2001**

Transportation Legislation Vetoed By the Governor

- *Note – Arizona Legislative Information Systems (ALIS) and Legislation On Line in Arizona (LOLA) were important sources in compiling the following summaries.*

HOUSE BILLS:

- [HB 2070] EMISSION INSPECTION; MODIFICATIONS AND EXEMPTIONS**
(Rep. Huffman and 2) The State Department of Environmental Quality would have had to adopt emissions standards for motor vehicles and for testing those vehicles manufactured in 1981 or after, to allow an on-board diagnostic (OBD) check instead of the current requirements of the curb idle and loaded test condition. The OBD check would have fallen under the requirements of Title II of the Clean Air Act. Construction of an emission testing station in Apache Junction would have needed to begin on or before June 1, 2004, for part of Pinal county to be exempt from emission testing. (See veto message, p.)
- [HB 2376] CONTRACTS; TAX ADJUSTMENT**
(Rep. Cooley and 10; Sen. Brown) Unless the taxpayer had a contract clause by which they could recover the cost of the new tax, the sixth-tenths sales tax increase for schools, approved by voters in Nov. 2000, would not have applied to business contracts made before June 1, 2001. Would have required public works contracts to provide a cost adjustment for the increased tax rate. (See veto message, p.)
- [HB 2490] EMISSIONS TESTING; PINAL COUNTY**
(Rep. Chase and 24; Sen. Rios) A committee incorporating legislative members, members of the public, and a representative from the Department of Environmental Quality would have been created to study where to place vehicle emission testing stations for the remaining 2001 year. If the city of Apache Junction did not get an emission testing station before June 1, 2004, a section of Pinal County would have been exempt from the emission test. (See veto message, p)
- [HB 2537] REGULATORY REFORM**
(Rep. Allen and May) Would have modified statute in regards to agency regulatory approval process. A study committee would have been established to recommend implementing a regulatory budget, state agency compliance with federal requirements, and other regulatory issues. Each December, agencies would have needed to publish regulatory agendas for the prospecting year. (See veto message, p)

**45th Legislature
1st Regular Session
2001**

Transportation Legislation Vetoed By the Governor

- *Note – Arizona Legislative Information Systems (ALIS) and Legislation On Line in Arizona (LOLA) were important sources in compiling the following summaries.*

HOUSE BILLS:

- [HB 2622] **SALES TAX; CONTRACTOR'S SOLAR EXEMPTION**
(Rep. Graf and 5) Would have required the transaction privilege tax exemption for the installation of solar devices under the prime contracting classification to expire on December 31, 2001, not at the end of 2011. The amount the contractor would have made on the contract, not the retail cost of the device, would have been the basis for the exemption. (See veto message, p)

SENATE BILLS:

- [SB 1123] **INFORMATION PROTECTION; PLANNING; DEVELOPMENT**
(Sen. Valadez and 15; Rep. Soltero) Would have required the Arizona National Guard to organize a Computer Emergency Response Team to protect the state National Guard networks. The Statewide Infrastructure Protection Center (SIPC) would have been established in the state Department of Emergency and Military Affairs Division of Emergency Management. (See veto message, p)
- [SB 1389] **ARIZONA AGRICULTURAL HERITAGE ACT**
(Sen. Guenther and Arzberger; Rep. O'Halleran and 2) Would have established the Arizona Heritage Commission and Arizona Agricultural Heritage Fund to promote a process of distribution of monies in the fund to applicants for agricultural easements. Defined *agricultural easement* as a "conservation easement established in accordance with the Uniform Conservation Easement Act." (See veto message, p)
