

Control Measures Applicable to ADOT	Phoenix MPO Nonattainment Area (PM10/O3/CO)	All Other Nonattainment Maintenance Areas
Pave, vegetate or chemically stabilize access points where unpaved traffic surfaces adjoin paved roads.	X	X
Require dust control plans for construction or land clearing.	X	X
Require haul trucks to be covered	X	X
Provide for traffic rerouting or rapid cleanup of temporary sources of dust on paved roads (water erosion, mud/dirt carryout areas, material spills, skid control sand). Delineate who is responsible for cleanup.	X	X
Prohibit permanent unpaved haul roads, and parking or staging areas at commercial, municipal, or industrial facilities.	X	X
Require curbing and pave or stabilize (chemically or with vegetation) shoulders of paved roads.	X	X
Pave, vegetate, or chemically stabilize unpaved parking areas.	X	X
Require dust control measures for material storage piles.	X	X
Provide for storm water drainage to prevent water erosion onto paved roads.	X	X
Requires the paving or chemical stabilization of unpaved roads.	X	X
Implementation of traffic intersection improvements to eliminate congestion	X	
Computerized synchronization of traffic signals on state highways	X	
Implement a Freeway Management System (FMS)	X	
Provide High Occupancy Vehicle Ramps	X	
Provide High Occupancy Lanes (HOV)	X	
Water construction site, wash construction vehicles, wash streets adjacent to site	X	
Regular street sweeping	X	
Tougher enforcement of Vehicle Registration and Emissions Test Compliance	X	
Develop Intelligent Transportation Systems (ITS)	X	
Deter Emissions Associated with Governmental Activities	X	
Expansion of Public Transportation Systems	X	
Employer Rideshare Program Incentives	X	
Preferential Parking for Carpools and Vanpools	X	
Coordinate Traffic Signal Systems	X	
Reduce Traffic Congestion at Major Intersections	X	
Site-Specific Transportation Control Measures	X	
Alternative Work Schedules	X	
Frequent, Routine Sweeping or Cleaning of Paved Roads	X	
Reduce Particulate Emissions From Unpaved Parking Lots	X	
Reduce Particulate Emissions From Vacant Disturbed Lots	X	
Sweep State Highways with PM10 Certified Street Sweepers	X	
Mitigate and evaluate negative impacts on air quality of transportation projects	X	
Reducing Reentrained Dust Emissions from Targeted Paved Roads	X	
Public Education and Outreach with Assistance from Local Governments	X	
Pave or Stabilize Unpaved Shoulders on State Highways	X	
Repave or Overlay Paved Roads with Rubberized Asphalt	X	
Coordinate Public Transit Services with Pinal County	X
