

## ARIZONA DEPARTMENT OF TRANSPORTATION TRAFFIC GROUP

**March 20, 2002**

**TO:** All Users of the ADOT Traffic Engineering Policies, Guides and Procedures

**FROM:** Mike Manthey, State Traffic Engineer

**RE:** Revisions to the "ADOT Traffic Engineering Policies, Guides and Procedures" Manual (PGP).  
Signing Location Guideline Figures packet

Please replace the existing Section 410, Section 480 and Section 1030 from your manual with the enclosed new versions.

These section are being issued for the following purposes:

**Section 410, No-Passing Zone**, reference of HES/NPZ Section has changed to NPZ Section.

**Section 480, Continuous Longitudinal Rumble Strips**, reflects a new configuration of rumble strip on non-access controlled highways. Also refers to new ADOT ITD Policy MGT 02-1.

**Section 1030, Controlled-Access Highways as Bikeways**, refers to new ADOT ITD Policy MGT 02-1.

Also enclosed, an independent packet of drawings; **Signing Location Guideline Figures packet**, hosts signing location drawings that were recently removed from the Standard Drawings.

Please distribute to all users within your Group or District. You can access a list of all recent changes to the PGP and other Traffic Group Manuals, by going to the following site:  
<http://www.dot.state.az.us/ROADS/traffic/Standards.htm>

Questions regarding the PGP may be directed to Muhannad Al Zubi at (602) 712-7601.
