25. DESCRIPTION OF REQUEST

Increase budget.

26. JUSTIFICATION OF REQUEST

Additional funding is needed to coordinate with the stakeholders listed below, design to stakeholder needs listed below, coordinate the combined advertisement with w/F0060 Aspen Ave and additional staff charges.

Army Corp of Engineers (USACE) is in the process of designing the realignment and re-profiling of the Rio De Flag Wash to accommodate the 500 year event. The profile will be significantly lower than the existing elevation. It is not know when USACE will construct this work. ADOT's bridge design needs to accommodate the constructability of the wash re-profiling in the future.

The City of Flagstaff's Flagstaff Urban Trail System (FUTS) will eventually cross under 40B utilizing the ADOT structure. ADOT's bridge design needs to accommodate this future crossing.
