

# Slide-in Bridge Construction

Thinking about designing and constructing a slide-in bridge? A new FHWA web page can help you get started with this accelerated bridge construction (ABC) technology:

**[www.fhwa.dot.gov/slide/](http://www.fhwa.dot.gov/slide/)**  
(search “**fhwa slide**”)

with a link to the FHWA’s  
**Technical Support Services Center (TSSC)**

This web page is your one-stop resource for information about slide-in bridge construction. Click on the link to the **TSSC** for fast, personal responses to specific questions.

Note: Instructor-led training courses coming **summer 2014**
