## **820 WORK ZONE CHANNELIZING DEVICES**

---

Temporary traffic control devices for work zones are described in Part 6 of the MUTCD.

**All temporary traffic control devices shall meet the crashworthy performance criteria contained in the National Cooperative Highway Research Program (NCHRP) Report 350 or the AASHTO Manual for Assessing Safety Hardware (MASH).** Documentation of compliance with NCHRP 350 or MASH should be provided by the vendor or contractor prior to installation or use on the State Highway System.
