Good Faith Efforts

(1) documents that it has obtained enough Disadvantaged Business Enterprise (DBE) participation to meet the goal; or

If the bidder/offeror does document adequate good faith efforts, Arizona Department of Transportation (ADOT) must not deny award of the contract on the basis that the bidder/offeror failed to meet the goal. 5.05 BACKGROUND

The United States Congress has made a determination that certain classes of businesses, described as Disadvantaged Business Enterprises (DBEs), have been underutilized based on past discrimination. Congress authorized and U.S. Department of Transportation (DOT) has implemented rules to promote utilization of DBEs in projects utilizing federal funding. DOT implemented the DBE Program in 1982 and today the program is carried out by State and local transportation agencies under the rules and guidelines established in Title 49 CFR Part 26. The DBE program is unique to the transportation industry and covers DOT-assisted contracts awarded by ADOT and its Subrecipients. As required by law, ADOT receiving certain types of federal Transportation funding from DOT must implement a DBE Program and establish triennial DBE participation goal as required by federal regulations.

Arizona Department of Transportation (ADOT) has established a Disadvantaged Business Enterprise (DBE) Program in accordance with the regulations of the 49 CFR Part 26. ADOT has received Federal financial assistance from U.S. Department of Transportation (DOT) and as a condition of receiving funding assistance, ADOT has signed an assurance that it will comply with 49 CFR Part 26.

The policy covers the Disadvantaged Business Enterprise (DBE) Program for three U.S. Department of Transportation (DOT) administrations: Federal Highway Administration (FHWA), Federal Transit Administration (FTA) and Federal Aviation Administration (FAA). The policy was reviewed and updated on February 9, 2003, as a result of 1999 revised regulations. In 2013, the policy was updated to reflect comprehensive changes in federal regulation requirements outlined in 49 CFR Part 26.

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
