DBE Supportive Services Program

Dear DBE Firm:

The Arizona Department of Transportation's DBE Supportive Services Program would like to congratulate and welcome you to the DBE program. The program is committed to facilitating access and equal opportunity for Disadvantaged Business Enterprises (DBE) and small businesses to participate on federally funded highway, transit and aviation projects.

ADOT DBE Supportive Services Program continues to be the recognized leader in the country as we continue to expand programs like the DBE Business Development Program, the One-on-One Business Counseling, Lunch and Learn Sessions and other free services designed to assist DBEs and small businesses in becoming more competitive within the transportation industry.

Additionally, we are excited to inform you ADOT has created a place the Business Coach On Demand to help your various business challenges 24/7 (<https://www.azdot.gov/business/ADOT-Business-Coach>).

The ADOT Small Business Resource Center was established so you can meet, seek help and get answers to your specific questions from experts. You will find more information at this website:
