HELPFUL HINTS

Record dimensions are only shown on parcels for which the schedule A-Description of the title report is comprised either solely of a metes & bounds description, with no exceptions to that description, or if the description is comprised of a stated width or length - i.e. "the west 200 feet of the north 300 feet of the southeast quarter". These are typically placed on the plansheets during the basemapping phase. If at a later time the parcel is removed then the dimensions will be removed.
