

MEMORANDUM

TO: STEVE BEASLEY,
Contracts & Specifications

TRICIA BROWN, Project Manager
Project Management

FROM: MYRA ROTHMAN, Right of Way Project Coordinator
Right of Way Project Management

DATE: JUNE 30, 2016

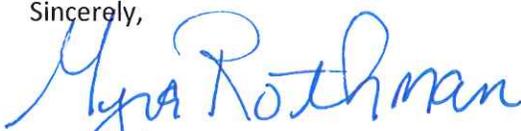

RE: PROJECT: 087-C(206)T/87 CN 330 H8719 01C
HIGHWAY: PAYSON – WINSLOW HIGHWAY
SECTION: Jacks Canyon Bridge STR #1275
CPSID: BA1N
SUBJECT: Right of Way Clearance
TYPE OF WORK: Bridge Deck Rehabilitation

All of the work indicated in the 95% Construction Drawings is within the existing right of way. There are no further right of way interests required that would have an impact on construction.

This Clearance becomes null and void should the project requirements change and new Right of Way rights become required for the construction, operation or maintenance of the project. New Right of Way rights and interests would be acquired according to the Uniform Act before a new Right of Way Clearance is issued

If you have any questions, contact me at (928) 779-7510.

Sincerely,

Myra Rothman
ADOT Right of Way Project Coordinator
