

# State Route 89 Deep Well Ranch Road to State Route 89A

## ROADWAY WIDENING PROJECT

### PROJECT OVERVIEW

The Arizona Department of Transportation in conjunction with the Federal Highway Administration is planning to widen the current two-lane roadway, State Route 89 in Prescott, Yavapai County, to a four-lane divided highway with a raised center median. The project includes a new roundabout at Perkins Drive, additional widening under the SR 89A overpass to accommodate left-turn movements in both directions and new sidewalks. Additionally, James Lane will be constructed, tying in to the west onto the new Willow Creek realignment.

### WHAT TO EXPECT

During construction, one through lane of traffic will be maintained in each direction except during short-term temporary periods when lane restrictions will be controlled by flaggers. Residential and business access will be maintained throughout construction.
