Conformity Finding

Mr. Farhad Moghimi, Executive Director
Pima Association of Governments
1 E. Broadway Blvd, Ste. 401
Tucson, Arizona 85701

Dear Mr. Moghimi:

In accordance with the Clean Air Act Amendments of 1990, a conformity finding of the transportation plans and programs in a non-attainment area is required of the U.S. Department of Transportation. Based on our evaluation of the findings of conformity and related documentation submitted in the Pima Association of Governments' (PAG) June 10, 2021 letter, in coordination with the Environmental Protection Agency (EPA) and the State Department of Transportation, the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) have determined that the Tucson, Arizona urbanized area, including the Tucson Air Planning Area, has met the requirements of the EPA Transportation Conformity Rule (40 CFR Parts 51 and 93).

A Finding of Conformity is hereby made with respect to PAG's FY 2022-2026 Transportation Improvement Program (TIP), which was approved by PAG's Regional Council on May 27, 2021.

This conformity determination is in effect until such time as a new determination is required either by new regulatory requirements, major revision of transportation plans, or a State Implementation Plan (SIP) revision.

If you have questions or would like additional information, please contact Mr. Romare Truely of FHWA Arizona Division at (602) 382-8978 or romare.truely@dot.gov; or Ms. Arianna Valle of FTA Region IX at (602) 382-8967 or arianna.valle@dot.gov.

Sincerely,

Karla S. Petty
