Dear Mr. Anderson:

Dear Ms. Higgs:

In accordance with the Clean Air Act Amendments of 1990, a conformity finding of the transportation plans and programs in a non-attainment area is required of the U.S. Department of Transportation. Based on our evaluation of the findings of conformity and related documentation submitted in Maricopa Association of Governments (MAG) June 22, 2022 email and Sun Corridor Metropolitan Planning Organizations (SCMPO) June 14, 2022 email, in coordination with the Environmental Protection Agency (EPA) and the State Department of Transportation, the Federal Highway Administration and Federal Transit Administration have determined that the Phoenix, Arizona and the Casa Grande, Arizona urbanized areas have met the requirements of the EPA Transportation Conformity Rule (40 CFR Parts 51 and 93). This includes the West Pinal PM-10 and West Central Pinal PM-2.5 non-attainment areas, portions of which are located in each of the respective MPO Planning Area Boundaries as well as the Maricopa non-attainment and maintenance areas.

A Finding of Conformity is hereby made with respect to the amended FY 2022-2025 MAG Transportation Improvement Program (TIP) and MOMENTUM 2050 Regional Transportation Plan as approved by MAG Regional Council on June 22, 2022 and the amended FY 2022-2029 SCMPO TIP and 2040 Regional Transportation Plan Update as approved by SCMPO Executive Board on June 14, 2022.

A Finding of Conformity was made previously on the MAG MOMENTUM 2050 Regional Transportation Plan and FY 2022-2025 TIP on December 15, 2021. The previous conformity finding for the SCMPO FY2022-2029 TIP and 2040 RTP Update was also made on December 15, 2021.

This conformity determination is in effect until such time as a new determination is required either by new regulatory requirements, major revision of transportation plans, or a State Implementation Plan (SIP) revision.
