

Interstate 10/Third Avenue Pump Station

Rev. 12.8.23

CONSTRUCTION NOTICE

Minor restrictions to Margaret T. Hance Park starting early December

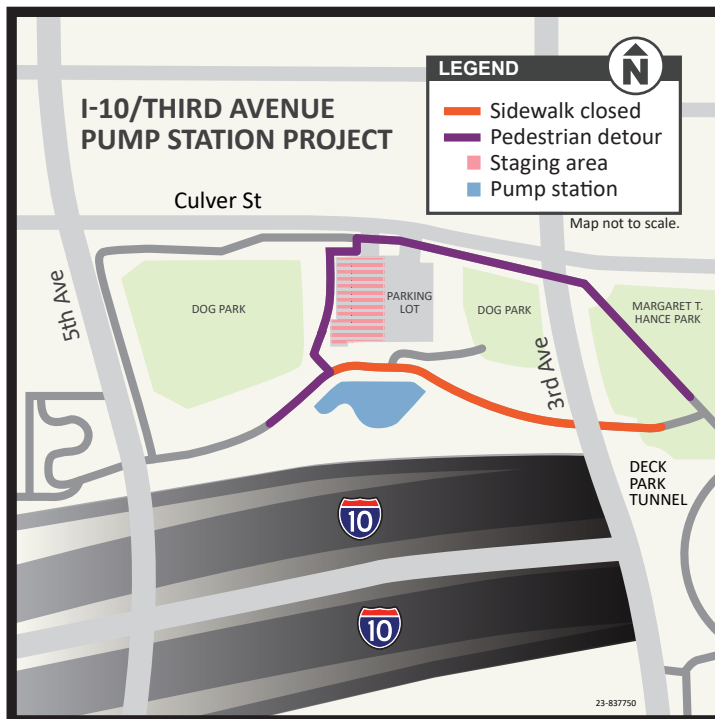

The Arizona Department of Transportation advises users of the Margaret T. Hance Park and Dog Park to be aware of minor restrictions in the area, due to the reconstruction of the I-10/Third Avenue Pump Station. This project will begin the week of Dec. 4 and is expected to be complete in late March 2024.

ABOUT THE PROJECT

The work will include upgrading the stormwater pump station: replacing the existing pumps, gear drives, engines, and improving the electrical and control system. Upgrading and replacing the existing pump station will allow the Deck Park Tunnel to continue operating efficiently, to remove water from the tunnel and the sub-grade roadway.

WHAT TO EXPECT

- ▶ For the safety of the public and staff, temporary closures of the dog park will be required during crane operations, approximately twice per month. Park users will be notified via signage at the dog park in advance. These dates will also be posted on the project web page and the city's website (www.phoenix.gov/parks/parks/dog-parks/hance-dog.) The first days will be Dec. 13 and 18, 7 a.m. to 3 p.m.
- ▶ Parking in the lot west of Third Avenue, by the dog park, will be reduced to provide a staging area.
- ▶ A section of the path that connects the east and west sides of the park, crossing under Third Avenue, will be closed. DETOUR: Park users will be able to take pathways north toward Culver Street to access the east/west sides of the park. (See diagram)

- ▶ There will be minor, temporary restrictions on Culver Street between Third and Fifth avenues when equipment is being transported to the site.
- ▶ Construction crews will work primarily between the hours of 6 a.m. and 4 p.m., Monday through Friday.
