TRUST NAME ABBREVIATION

We recognize the complexities of trust names. However, due to size limitations when entering these names on the computer system, it may be necessary to abbreviate or truncate the name of a trust on title and registration documents. If a trustee designation appears on the name of the trust, it will be separated from the name and moved to the Legal Status area of the record.

For example, trust name on trust documents is:

John Jakob Doe and Jane Susan Doe, trustees of the John Jakob Doe and Jane Susan Doe Revocable Family Trust dated March 15, 1999.

The name of the trust will be entered on the title and registration record as:

Name	Legal Status
THE JOHN JAKOB DOE AND JANE SUSAN DOE REVCBL FAMILY TRUST DTD 03151999	TRUS
JOHN JAKOB DOE	AND
JANE SUSAN DOE	

(The “TRUS” in the legal status designates that the names following this status are trustees of the trust.)

Your understanding and cooperation is appreciated. Thank you.
