**CERTIFICATION ACCEPTANCE AGREEMENT**

BETWEEN  
THE STATE OF ARIZONA  
AND  
CITY OF TEMPE

**THIS AGREEMENT** ("Agreement") is entered into by and between the STATE OF ARIZONA, acting by and through its DEPARTMENT OF TRANSPORTATION ( "State") and CITY OF TEMPE ("City"). The State and City are collectively referred to as "Parties" or individually referred to as a "Party". Both the State and City are government agencies.

**I. RECITALS**

1. The Parties recognize the importance of a balanced, integrated, intermodal transportation system for the State of Arizona and understand the need for maximum flexibility in the use of federal funds to address the needs of all transportation modes.
2. The Parties acknowledge that transportation infrastructure projects play an essential role in the State's transportation system and preservation and maintenance of the transportation infrastructure protects the investments of the past and allows for economic development in the future.
3. The Parties recognize that stewardship is the efficient and effective management of public funds that have been entrusted to the Federal Highway Administration (FHWA) and oversight is the act of ensuring the Federal-aid Highway Program (FAHP) is delivered in accordance with applicable laws and regulations.
4. Title 23, Code of Federal Regulation (C.F.R.), Sections 1.11 and 635.105 allow a State to delegate certain activities, under supervision, to qualified local public agencies for FAHP projects under Certification Acceptance. Delegation is a privilege with responsibilities for both Parties and requires the Parties work in partnership.
5. According to 23 C.F.R. §§ 1.11 and 635.105, the State, as the supervising agency, maintains accountability to FHWA for FAHP projects under Certification Acceptance and is responsible for oversight that ensures projects are completed in compliance with federal and state laws and regulations and conformance with approved plans and specifications.
6. Full Certification Acceptance status includes the delegation of contract administration, development and design, construction administration, procurement of engineering or design-related services consultant, project inspection, and internal program evaluation to the City.
7. Partial Certification Acceptance status includes the delegation of contract administration, development and design, construction administration, project inspection, and internal program evaluation and further excludes the procurement of engineering or design-related services consultant on-call contracts.

8. The State retains responsibility for disadvantaged business enterprises, equal employment opportunity, on the job training, environmental processes, approval of final certification of right-of-way, proprietary item determinations, and project final acceptance.

**THEREFORE, in consideration of the mutual agreements expressed herein, it is agreed as follows:**
