

KEY PRESENTATION POINTS – LEARNING GUIDE

CONSTRUCTION CLOSEOUT AND MAINTENANCE

WEDNESDAY, DECEMBER 11, 2024

RECORD DRAWINGS/REPOSITORY OF ONLINE ARCHIVED DOCUMENTS (ROAD) PORTAL:

- Record Drawings are formally known as As-Builts and are a full set of As-Bid engineering plans that show all of the field changes that occurred during construction.
- The Record Drawings note field observations, design changes and red line corrections and are approved by the Resident Engineer.
- Record Drawings can be submitted via ADOT Sharefile, by an FTP site and via email.
- The ROAD Portal houses state and local projects administered by ADOT.

CENTRAL MAINTENANCE:

- Central District serves two counties, 27 incorporated communities, 4.8 million resident population, has 9 of the 10 largest cities in Arizona, 2016 maintenance lane miles and 11 construction and 15 maintenance units (250 people).
- The District maintains the roadway, roadside, structures and drainage systems. They react to weather hazards, civil disturbances, right of way, planning and staging of large events, and permitting for events.

RURAL MAINTENANCE:

- Southeast District serves portions of 6 counties, 14 incorporated communities, resident population of 200,000, highest route SR 366/lowest SR88, 18 routes for 1,028 lane miles and 3 construction and 7 maintenance units.
- The largest city in the district is Douglas at 17,000 people. The smallest is Winkelman with 310.
- Southeast District coordinates and responds to routine maintenance and traffic incidents. Incidents include fires and floods.
