

National Summer Transportation Institute

Free, Residential Camp

ASU Tempe Campus, June 15-20, 2025

Apply: <https://links.asu.edu/NSTI2025>

For Arizona students entering grades 11 and 12 in fall 2025

Are you an Arizona high school student interested in learning more about engineers and the ways in which they impact our world and society? Apply to participate in the NSTI 2025 program this summer. Spend five nights and five days living on the Arizona State University Tempe campus and learn how all types of engineers, from aerospace to software, plan and maintain our systems of transportation around Arizona.

Funded in partnership with the US Department of Transportation, Federal Highway Administration and the Arizona Department of Transportation, this program is FREE of charge to participants. All meals and on-campus housing are included.

Participants will tour locations and traffic systems not normally accessible to the general public; meet with professional engineers; engage in engineering lab activities to better understand the transportation industry; and engage in fun evening activities and recreation.

To Apply, have the following ready to enter or upload:

- ♦ unweighted cumulative GPA
- ♦ current unofficial transcripts
- ♦ personal statement (50-200 words) telling us why you are a good fit for the program and what you hope to learn from the experience

Application Deadline:
Monday, April 14, 2025 at 11:59 pm
