REQUEST FOR STATEMENTS OF INTEREST

The following question was received for the above-referenced SOI package:

Q1. On pages 2 and 3 of the SOI, it is stated that consultants shall submit their proposal on **F0837** to be considered for one of the four projects listed. However, the three questions on page 8—

1. Describe your understanding of these types of projects.
2. What are the 3 biggest risks on these types of projects?
3. Describe your recent experience with similar project(s).

—appear to be written in a broader context that may apply to all four projects rather than specifically to F0837.

Can you please confirm whether these questions are intended to be answered **specifically in reference to F0837**, or more generally in regard to all four projects?

A1. Please provide your understanding of the F0837 project, and risks and relevant experience related to the F0837 project only.
