

A DBE is responsible for the execution of a distinct element of work and carries out its responsibilities by actually performing, managing, and supervising the work.

Management

- Is the DBE scheduling work operations?
- Is the DBE ordering equipment and supplies?
- Is the DBE preparing and submitting certified payrolls?
- Is the DBE responsible for hiring and firing employees?
- A no response requires further inquiry to assess if a DBE is separate and independent from the prime contractor.

Workforce

- Are employees moving between the DBE and the prime contractor?
- Are employees listed on the DBE and on the prime contractor's payroll?
- Does the DBE share office space with the prime contractor?
- Is there a discrepancy between the company identification badge and the information provided by the employee labor interviews?
- A yes response requires further inquiry and follow-up to determine if a DBE is managing its own workforce.

Equipment

- Who is the owner of the equipment?
- Observe equipment and assess signage. Is there a sign over an original sign?
- Who is operating the equipment? Is the operator an employee of the DBE?
- What is reflected on the daily notes? Does the inspector identifiy the equipment used by the DBE?

If it is unclear that the DBE has control over the equipment, further inquiry and follow-up is required.

Materials

- · Did the DBE order its own materials?
- Are invoices for the materials and supplies addressed to the DBE?
- Who paid for the materials? Is payment made by a joint check bearing the DBE's and the prime contractor's signatures?
- If it is unclear that the DBE is responsible for ordering materials and supplies, further inquiry and follow-up is required.

Performance

- Does the DBE have a contract with the prime contractor?
- Has the DBE performed 30% of the overall contract?
- Is a protion of the DBE's work performed by the prime contractor
- If it is unclear that the DBE is performing the work specified in its agreement with the prime contractor, further inquiry and follow-up is required.
