ARIZONA DEPARTMENT OF TRANSPORTATION MULTIMODAL PLANNING DIVISION OFFICE MEMO

TO: PRIORITY PLANNING ADVISORY COMMITTEE MEMBERS:

GREG BYRES THOR ANDERSON AUDRA MERRICK MATTHEW MUNDEN IQBAL HOSSAIN

BARRY CROCKETT ELISE MAZA JOHN MORALES CAROLINE CARPENTER (NON-VOTING)

FROM: Chairperson Matt Moul

SUBJECT: PRIORITY PLANNING ADVISORY COMMITTEE MEETING (PPAC)

Pursuant to the A.R.S. 28-6951(B), the ADOT Director has appointed the members of the Priority Planning Advisory Committee (PPAC) to develop the Five Year Transportation Facilities Construction Program. In addition, pursuant to A.R.S. 28-339, the PPAC is responsible for taking certain actions with respect to the State Match for the Rural Transportation (AZ-SMART) fund. This meeting is scheduled, pursuant to the above referenced statutes, to review the Five Year Transportation Facilities Construction Program, make changes and schedule new projects into the adopted Five Year Transportation Facilities Construction and take appropriate actions related to the AZ-SMART program and related applications.

Pursuant to Title VI of the Civil Rights Act of 1964, and the Americans with Disabilities Act (ADA), ADOT does not discriminate on the basis of race, color, national origin, age, sex or disability. Persons who require a reasonable accommodation based on language or disability should contact ADOT's Civil Rights Office at 602.712.8946 or at civilrightsoffice@azdot.gov. Requests should be made as early as possible to ensure the State has an opportunity to address the accommodation.

The meeting of the Arizona Department of Transportation, Priority Planning Advisory Committee (PPAC) will be held on Monday, July 07, 2025 at 12:00 PM. This will be a teleconference meeting. To access the meeting by internet, please go to < meet.google.com/unc-biut-ewk >. To access the meeting by phone, please dial: <(US) +1 724-790-6279 PIN: 977 948 874# >.

The minutes and/or a recording of each meeting will be posted within three business days on the Priority Planning Advisory Committee's Meeting Documents web page at:

https://azdot.gov/about/boards-and-committees/priority-planning-advisory-committee/meeting-documents

ADOT invites participants to complete the Self Identification Survey to help us better serve the public. https://forms.gle/TjzUyXUgpDrVevBK6

ADOT'S NONDISCRIMINATION NOTICE TO THE PUBLIC

The Arizona Department of Transportation (ADOT) hereby gives public notice that it is the Agency's policy to assure full compliance with Title VI of the Civil Rights Act of 1964, Title II of the Americans with Disabilities Act of 1990 (ADA), and other related authorities in all of its programs and activities.

ADOT's Title VI and ADA Programs require that no person shall, on the grounds of race, color, national origin, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity.

Any person, who believes his/her Title VI or ADA rights have been violated, may file a complaint. Any such complaint must be in writing and filed with the ADOT Civil Rights Office within one hundred eighty (180) days following the date of the alleged discriminatory occurrence. For additional information about ADOT's Civil Rights programs and the procedures to file a complaint contact ADOT Civil Rights Office via the information listed below:

AVISO PÚBLICO DE LA LEY DE NO-DISCRIMINACIÓN DE ADOT

El Departamento de Transporte del Estado de Arizona (ADOT) informa al público que esta agencia tiene como regla asegurar el cumplimiento total del Título VI de la Ley de los Derechos Civiles de 1964, del Título II de la Ley de ciudadanos Americanos con Discapacidades de 1990 (ADA) y otras normas relacionadas con todos sus programas y actividades.

Los programas del Título VI y ADA de ADOT exigen que a ninguna persona se le excluya de participar, se le nieguen beneficios o de ninguna otra manera sea sujeta a discriminación en ningún programa o actividad de ADOT por motivo de raza, color, país de origen, o discapacidad.

Cualquier persona que crea que se han violado sus derechos bajo el Título VI o el ADA, puede presentar una queja. Esta queja debe presentarse por escrito a la Oficina de Derechos Civiles de ADOT dentro de ciento ochenta (180) días a partir de la fecha en que se alega que ocurrió la discriminación. Para recibir más información sobre los programas de Derechos Civiles de ADOT y los procedimientos para presentar una queja, por favor póngase en contacto con la Oficina de Derechos Civiles de ADOT a través la información que aparece abajo:

Footnotes: ¹ Number of approved PRB requests. ² Reflects increase of Subprogram due to project funding being cancelled. ³ (Decreases)/Increases of Subprogram based on the fully loaded by the State Transportation Board. ⁴ Reflects amount of budget being returned to/(expended from) Subprogram for projects at final voucher. Returned budget is available for reprogramming in the current year.⁵ A transfer of budget authority to another item or subprograms. in the 5 year programs in the 5 year programs in the 5 year program due to project being advanced from future year. ⁸ (Decreases)/Increases of Subprogram on construction projects AFTER the bid is awarded, generally for changeorders or other overruns during construction. ⁹ (Decreases)/Increases of Subprogram for PE projects AFTER the initial transaction. ¹⁰ (Decreases)/Increases of Subprogram for reasons not otherwise identified.

Footnotes: ¹ Number of approved PRB requests. ² Reflects increase of Subprogram due to project funding being cancelled. ³ (Decreases)/Increases of Subprogram based on the fully loaded bid amount. These transactions occur as a result of the bid awarded by the State Transportation Board. ⁴ Reflects amount of budget being returned to/(expended from) Subprogram for projects at final voucher. Returned budget is available for reprogramming in the current year. ⁵ A transfer of budget authority to another item or subprogram. ⁶ Initial budget transactions which begin the process of setting aside, then obligating, funding on a project. Budget comes from one of the line Items or subprograms in the 5 year program. ⁷ Reflects decrease of Subprogram due to project being advanced from future year. ⁸ (Decreases)/Increases of Subprogram on construction projects AFTER the bid is awarded, generally for changeorders or other overruns during construction. ¹⁰ (Decreases)/Increases of Subprogram for PE projects AFTER the initial transaction. ¹⁰ (Decreases)/Increases of Subprogram for PE projects AFTER the initial transaction.

Project and Federal G	Frant Information	
Brief Description	Pavement, curb and gutter, sidewalk, ADA and driveway ramps, drainage, striping, signage, bike lanes, raised pedestrian crossing, railroad crossings, and flashing pedestrian beacon.	
Purpose	The Luke Lane and Broadway Improvement Project will revitalize infrastructure in a historically significant area of Clarkdale. Over 100 acres of undeveloped property will be served by the new paved roadway, and the entire area has access to freight rail service, making this project an incredible growth opportunity for the entire Verde Valley. Though Luke Lane is a dirt road, there is potential for more economic development, as it serves Bent River Machine, a supplier to Raytheon and Taiwan Semiconductor, Clarkdale Minerals and Verde Canyon Railroad's planned expansion. This upgrade includes paving, sidewalks, drainage, lighting, and pedestrian crossings, improving access for commercial, industrial, and recreational users. The project aligns with Clarkdale's strategic goals for quality of life and sustainable growth. Endorsed by NACOG's Regional Council, key partners include Verde Canyon Railroad, Bent River Machine, and regional stakeholders. Estimated design cost: \$1,328,821

Arizona State Match Advantage for Rural Transportation (AZ SMART) Fund Application Form

Please read the <u>Request for Grant Applications and Agreement</u> ("RFGAA") before starting this Application. The Application must be completed in a single sitting; the RFGAA contains a PDF version of this application to assist in developing the required responses, information and documents. The <u>Application Instructions</u> provide additional information and guidance, and should be consulted in completing the Application. To ensure the Application is Administratively Complete and will be presented to PPAC and the Board, please respond to all questions and submit all requested documents.

Each application may address only one Project and one Federal Grant. Additional Projects and/or Federal Grants require a separate application.

Required Documents: Consult the Application Checklist in the <u>Application Instructions</u> to identify the documents required to be uploaded while completing this application. The documents should be assembled in advance of completing this application.

Non-governmental entities: Clearly identify any trade secrets or other proprietary information which is to remain confidential. Stamp or mark the pages/information with "**CONFIDENTIAL**" in bold capital letters.

Email *

dk.green@clarkdale.az.gov

Applicant Information

Please answer all of the questions below.

Name o	of App	licant 🔸
--------	--------	----------

NOTE: Provide the full legal name of the Applicant. This must be the entity that has provided the governing body resolution, is entering into this <u>Request for Grant Application and Agreement</u>, is financially responsible for the Project, and *will be applying for the Federal Grant identified in this application*. AZ SMART awards are specific to the Applicant and may not be transferred from one entity to another without further governing body and State Transportation Board approval.

Town of Clarkdale

Applicant type - select only one. *

NOTE: Non-governmental entity means individuals, associations, clubs, corporations, any other private entity, or any organizations which are not cities/towns, counties, Tribal Nations, political subdivisions of this State, or ADOT. A non-governmental entity must be identified in the NOFO or federal statute as an eligible applicant for the Federal Grant identified in this application.

\checkmark	Municipality
	County
	Tribal Nation
	MPO
	Other Political Subdivisions
	Non-governmental entity (including Councils of Government)
	Other:
	ect the COG/MPO in which the Project is located. If Project crosses COG/MPO boundaries, * 🕤 Dropdown ect the one in which the greatest percentage of the Project is located.

Northern Arizona Council of Governments (NACOG)

Has Applicant received a **Federal Discretionary Grant** since January 1, 2023? Please identify the grant(s), amount(s) awarded, and the applicable project(s) below or enter "NA."

NOTE: Federal Discretionary Grants **do not include** Congressionally Directed Spending (federal earmarks) or formula federal aid such as Highway Safety Improvement Program (HSIP) or Transportation Alternatives (TA). Limited to 500 characters, including punctuation and spaces.

NA

Has Applicant sponsored a Project(s) funded with **formula federal aid** (HSIP, TA, STBGP, etc.) since January * 1, 2023? Please identify the type of funding, amount(s) received, and the applicable project(s) below or enter "NA."

NOTE: Do not include Congressionally Directed Spending (federal earmarks) or Federal Grants. Limited to 500 characters, including punctuation and spaces.

The Town of Clarkdale was awarded a Transportation Alternatives (TA) grant in 2023 in the amount of \$140,991, for design of our Clarkdale Parkway Sidewalk and Bike Lane Project, distributed to us via ADOT.

Provide links to Applicant's financial statements for the previous 3 fiscal years. *

NOTE: Data from the financial statements will be used to calculation the Quick Ratio for Applicants requesting approval from ADOT to self-administer design and those intending to be Direct Recipients for Federal Grants. Failure to provide this information will result in an incomplete application which will not be reviewed, retained or considered.

2022 - https://www.clarkdale.az.gov/Archive.aspx?ADID=211 2023 - https://clarkdale.az.gov/Archive.aspx?ADID=216 2024 - https://www.clarkdale.az.gov/DocumentCenter/View/1990/2023-2024-Annual-Financial-Statements

Non-governmental entities only - Upload the entity's legal organizing documents, such as Articles of Incorporation. Limited to a single PDF up to 10 MB.

NOTE: Failure to provide this information will result in an incomplete application which will not be reviewed, retained or considered.

÷	Resolution	#173
Ţ	Add file	

Project Purpose - what is the problem this project will address? *

NOTE: This is one of the most important elements of the application. Information should be as succinct and objective as possible. Limited to 1000 characters, including punctuation and spaces. Do not repeat information provided in the Project Need or Scope. See FHWA's <u>Purpose, Need and Alternatives</u> for further information and guidance.

The Luke Lane and Broadway Improvement Project will revitalize infrastructure in a historically significant area of Clarkdale. Over 100 acres of undeveloped property will be served by the new paved roadway, and the entire area has access to freight rail service, making this project an incredible growth opportunity for the entire Verde Valley. Though Luke Lane is a dirt road, there is potential for more economic development, as it serves Bent River Machine, a supplier to Raytheon and Taiwan Semiconductor, Clarkdale Minerals and Verde Canyon Railroad's planned expansion. This upgrade includes paving, sidewalks, drainage, lighting, and pedestrian crossings, improving access for commercial, industrial, and recreational users. The project aligns with Clarkdale's strategic goals for quality of life and sustainable growth. Endorsed by NACOG's Regional Council, key partners include Verde Canyon Railroad, Bent River Machine, and regional stakeholders. Estimated design cost: \$1,268,821.

Project Need - discuss the data substantiating the problem. *

NOTE: This is one of the most important elements of the application. Information should be as succinct and objective as possible. Limited to 1000 characters, including punctuation and spaces. Do not repeat information provided in the Project Purpose or Scope. See FHWA's <u>Purpose, Need and Alternatives</u> for further information and guidance.

By improving transportation infrastructure and connecting key commercial and residential areas, the project aims to support Clarkdale's vision of a vibrant, integrated community and foster regional growth. Luke Lane is an unpaved and unsafe industrial corridor. With 1,200+ daily vehicles and 100,000 annual tourists, current road conditions are unacceptable. Dust pollution affects the Town, and lack of drainage causes stormwater runoff into nearby recreation areas. The narrow, deteriorating dirt road lacks sidewalks, lighting, and proper access, creating hazards for vehicles and pedestrians. In addition to impacting local and visitor traffic, the dirt road prevents regional business growth. Bent River Machine's expansion opportunities are limited by poor access. Verde Canyon Railroad's growth plans depend on these road improvements as well. Without these improvements, safety, environmental, and economic risks will increase, stalling regional development and threatening key industries.

Safety Improvements - what safety improvements are addressed by the Project? Check all that apply. If Project addresses a safety improvement not listed below, select Other and identify the improvement. NOTE: Specific safety improvements must also be identified in the Project Scope. This question is worth up to 15 points in the Priority Criteria - see the <u>RFGAA</u> for further information.	*
Safety of non-motorized users	
Intersection safety	
Roadway lane departures	
Project does not address safety improvements	
Other: The project also addresses driver safety due to poor visibility from dust from the dirt road.	

Upload the Scoping Letter or Project Assessment, if any. Limited to a single file of up to 100 MB.

Project Scoping				
1	Add file			

Project Scope - summarize the specific work to be undertaken, including safety improvements. *

NOTE: This is one of the most important elements of the application. Information should be as succinct and objective as possible and is limited to 2000 characters, including punctuation and spaces. Do not repeat information provided in the Project Purpose and Need. See the Application Instructions in the <u>RFGAA</u> for further information and guidance.

The Luke Lane and Broadway Improvement Project includes installation of pavement, curb and gutter, sidewalk, ADA sidewalk ramps, storm drainage improvements, driveway ramps, striping, and signage along Luke Lane and North Broadway Road. In addition, the project will include bike lanes, an at-grade raised pedestrian crossing, at-grade railroad crossings, and a rapid flashing pedestrian beacon. The project will span approximately 6,000 linear feet, and provide multimodal connectivity from the Clarkdale Townsite to the Verde Canyon Railroad, the Town's industrial zone, current businesses, and the historically underserved Patio Park Neighborhood.

Briefly summarize the physical/natural environmental, socioeconomic and cultural impacts of the project. *** NOTE:** This is a new question as of 3/13/25. Limit response to 1,500 characters, including spaces and punctuation.

The Luke Lane and Broadway Improvement Project will have positive physical, socioeconomic, and cultural impacts. Paving Luke Lane, which is currently a dirt road, and drainage upgrades will reduce dust pollution and stormwater runoff, improving air and water quality throughout this region of Clarkdale and the Verde Valley. Sidewalks, bike lanes, lighting, and crossings will enhance safety and accessibility for all users, promoting healthier, multimodal transportation. Economically, the project supports industrial growth by improving access for key businesses in the Verde River Industrial Area, like Bent River Machine and Verde Canyon Railroad, unlocking over 100 acres for development and enhancing regional freight connectivity. Culturally, the project revitalizes a historically significant area and improves access to the Verde Canyon Railroad and historically underserved neighborhoods like Patio Park, supporting Clarkdale's inclusive vision of sustainable, community-centered growth.

Is the Project contained entirely within the Applicant's Right of Way? *

NOTE: Applicants are responsible for identifying Right of Way ownership and issues before applying. For non-infrastructure Projects, check "Not applicable."

\bigcirc	Not applicable	(non-infrastructure	projects	only)
		(1	

- 🖲 Yes
- 🔿 No

If Project involves Right of Way owned by others, identify the owners, status of approvals from each owner and any known issues. Skip if not applicable.

NOTE: Failure to provide this information will result in an incomplete application which will not be reviewed, retained or considered.

If Project is located within 1/2 mile of a railroad, identify the railroad, railroad company and discuss the anticipated impacts. If none, enter "None".

NOTE: This is a new question as of 3/13/25. Limit response to 1,000 characters, including spaces and punctuation.

The Arizona Central Railroad (AZCR), a 38-mile short-line connecting with BNSF in Drake, runs adjacent to the Luke Lane and Broadway Improvement Project area. Part of the project area crosses the train tracks. Owned by the same entity as Verde Canyon Railroad, AZCR supports both freight and tourism. It serves industrial users like Salt River Materials Group and Clarkdale Minerals, and its alignment is critical to Verde Canyon Railroad's planned expansion. Project upgrades, including paved roads, at-grade rail crossings, and pedestrian safety features, will enhance access to AZCR, promoting safer operations, economic growth, and multimodal connectivity. Improved infrastructure supports AZCR's dual freighttourism role in regional development.

If Project will impact any utilities, identify the utility owner and discuss the anticipated impacts. If none, enter "None".

NOTE: This is a new question as of 3/13/25. Limit response to 1,000 characters, including spaces and punctuation.

None

If Project will impact any irrigation facilities, identify the facility owner and discuss the anticipated impacts. * If none, enter "None".

NOTE: This is a new question as of 3/13/25. Limit response to 1,000 characters, including spaces and punctuation.

None

Long-term impacts of the Project *

NOTE: This question is worth 5 points in the Priority Criteria - see the <u>RFGAA</u> for further information. Responses are limited to 1000 characters, including punctuation and spaces.

- Infrastructure Projects Describe the estimated costs to operate and maintain the Project and the sources of the funding for these activities.
- Non-infrastructure Projects Describe the anticipated long-term impacts of the Project, including how and when the study, plan, etc. is expected to be implemented.

Luke Lane would benefit from a proactive street maintenance plan focused on pavement preservation. The Town will conduct an assessment of pavement conditions every three years to update the Remaining Service Life (RSL) with a third-party contract. The current goal is to ensure that our entire inventory of roads maintains at least a 10-year RSL. Every six to ten years, Clarkdale's roads and streets receive crack, chip, and fog seal treatments at a cost of \$10.50 per square yard, funded through Highway User Revenue Funds. Complementing this long-term strategy, the Town conducts semi-annual street sweeping and brush control efforts, ensuring the continued safety and aesthetics of Town roads and streets, which are supported by Vehicle License Tax funds.

AZ SMART Request

ARS §28-339.D requires DOES and Match expenditures to meet Federal Standards, which has been defined in the <u>RFGAA</u>. Applicants should not request funding for expenditures that do not, or will not, meet Federal Standards. Applicants are required to provide contract(s) or solicitation(s) under which DOES or Match expenditures were procured.

NOTE: AZ SMART funding requests must align with, and be based on, costs identified in the Project Budget submitted with this Application.

Enter amount requested for Grant Development and Submission (GDS). The amount should be **no greater than 50% of the actual costs** to develop and submit the Federal Grant. Skip if not requesting GDS.

NOTE: This Eligible Use is limited to Projects located in counties with population under 100,000 and municipalities with under 10,000. Enter in whole dollars (for example, 250,000).

Are you requesting reimbursement for prior GDS expenditures for this Project or will the funds be used to develop a future Federal Grant application? Skip if not requesting GDS.

NOTE: Eligible Expenditures for GDS are those incurred after September 14, 2024. Failure to request any reimbursement for GDS awards within 6 months of the Date of Award will result in the obligation becoming inactive.

All GDS funds will be used to reimburse prior expenditures incurred after September 14, 2024.

All GDS funds will be used to develop and submit a future Federal Grant application.

Enter amount requested to REIMBURSE eligible Design and Other Engineering Services (DOES) expenditures: 1) incurred after September 14, 2024, **AND**

2) are for services procured under a solicitation which meets Federal Standards as defined in the <u>RFGAA</u>. Enter in whole dollars (for example, 250,000). Skip if not requesting DOES.

NOTE: The amount must align with, and be based on, costs identified in the Project Budget submitted with this Application. Such expenditures may include costs to develop scope, schedule or budget, or other preliminary engineering costs that were incurred under a solicitation which meets Federal Standards. Do not include any amounts for expenditures incurred prior to September 14, 2024 or which do not meet Federal Standards.

Upload the contract or solicitation under which the DOES expenditures to be reimbursed were incurred. Limited to a single PDF up to 10 MB.

NOTE: Required if requesting reimbursement. Failure to provide this information will result in an incomplete application which will not be reviewed, retained or considered.

Ardurra Contract ...

Andurra Contract not applicable; no reimbursement requested

⊥ Add file

Enter amount requested for future estimated DOES expenditures. The amount must align with, and be based on, costs identified in the Project Budget submitted with this Application. Skip if not requesting DOES.

NOTE regarding PDA fees: *Initial* ADOT PDA fees of \$30,000 are eligible for AZ SMART funding only when included in an Application for Design and Other Engineering Services or Match on a federal grant application which will include design. The initial \$30,000 is an estimate only and may be more or less, depending on the Project. By submitting this application, the Applicant understands the Project may require, and ADOT may bill, additional PDA fees and agrees to pay such fees. Any fees not required for the Project will be refunded to the Applicant upon approval of the Project final voucher.

1328821

Enter amount requested for Match for expenditures that meet Federal Standards as defined in the <u>RFGAA</u>. Enter in whole dollars (for example, 250,000). Skip if not requesting Match.

NOTE: The amount requested must align with, and be based on, costs identified in the Project Budget submitted with this Application. If no match is required by the Federal Grant, AZ SMART will not provide the funding. Match funds to improve the competitive position of a project is the Applicant's responsibility.

What is the status of the Federal Grant application associated with this request for Match funding? Skip if not requesting Match.

- We have already been awarded the Federal Grant.
- We have applied for the Federal Grant but have not yet been awarded.
- We plan to apply for the Federal Grant within the next 6 months.
- We plan to apply for the Federal Grant more than 6 months from now.

Will the Project be able to proceed if awarded less AZ SMART Funds than requested? *

NOTE: The Board has authority to modify award amounts and may do so based on limited funding in any Funding Category. In such cases, the Applicant will be required to provide the remaining funding for the project. Applicants should be aware that projects receiving reduced DOES awards are still required to submit a federal grant application within 2 years of the Date of Award.

) Yes

🔵 No

Other Project Funding Sources

This section is focused on project funding other than AZ SMART. Do not include any amounts requested from AZ SMART in responding to the following questions.

Enter amount of funding provided by the Applicant from its own funds for the Project. Enter in whole dollars (for example, 250,000). Enter 0 if none.

NOTE: Do not include match on federal aid formula funds, Legislative Appropriations, Congressionally Directed Spending, the Federal Grant, partner or private contributions or any other sources.

25000

Enter amount of funding to be contributed by any Project partners. Enter in whole dollars (for example, 250,000). Enter 0 if none.

NOTE: Do not include federal aid formula funds or match, Legislative Appropriations, Congressionally Directed Spending, the Federal Grant, applicant funding or any other sources.

0

Enter amount of federal aid formula funds programmed for the Project. Enter in whole dollars (for example, * 250,000). Enter 0 if none.

NOTE: Do not include Legislative Appropriations, Congressionally Directed Spending, the Federal Grant, applicant funding or any other sources. Formula federal aid funding includes but is not limited to Surface Transportation Block Grant Program (STBGP), Highway Safety Improvement Program (HSIP), Transportation Alternatives (TA), Off System Bridge (OSB), National Highway Performance Program (NHPP), Transit (5310, 5311, etc.) and other annual formula funding.

0

Enter amount of applicant match on the federal aid formula funds. Enter in whole dollars (for example, 250,000). Enter 0 if none.

NOTE: Do not include Legislative Appropriations, Congressionally Directed Spending, the Federal Grant, applicant funding previously identified or any other sources.

0

Has Congressionally Directed Spending (CDS) been requested for this project? *

NOTE: Do not include federal aid formula funds or match, Legislative Appropriations, applicant funding, the Federal Grant, partner or private contributions or any other sources.

Yes, and we have received an award

Yes, but we have not yet received an award

No No

Enter the amount of CDS requested or received. Skip if no CDS is involved.

NOTE: Do not include federal aid formula funds or match, Legislative Appropriations, applicant funding, the Federal Grant, partner or private contributions or any other sources.

Has an Arizona Legi	slative Appropriatio	n been requested fo	or this project? *

NOTE: Do not include applicant funding, federal aid formula funds or match, Congressionally Directed Spending, the Federal Grant, partner or private contributions or any other sources.

 Yes, and we received an appropriation Yes, but we have not yet received an appropriation No 	Applicant did not receive a legislative appropriation
Enter the amount of the Legislative Appropriation requested or received. Skip if no Legislative Appropriations are involved. How does the Applicant intend to submit the federal grant application? *

Note: If requesting ADOT to submit, the following time frames apply. ADOT cannot guarantee submission if these deadlines are not met.

A. At least thirty (30) day prior to the application deadline in the NOFO for the applicable federal discretionary grant, the Applicant is required to submit the ADOT Grant Coordination Support Request Form at https://apps.azdot.gov/files/mvd/mvd-forms-lib/42-0103.pdf.

B. At least seven (7) days before the NOFO/NOFA deadline, the completed application materials must be provided to the ADOT Grant office for submission.

Applicant or Consultant will submit directly

Applicant requests ADOT to submit

Application has already been submitted

How does the Applicant intend to administer the Project if awarded a Federal Grant? *

NOTE: At a minimum, Direct Recipients and Applicants self-administering a Project are responsible for:

- 1. Procuring all consultants and contractors under solicitations which meet Federal Standards.
- 2. Making all payments directly to consultants, contractors or other service providers prior to requesting reimbursement from the federal agency and/or AZ SMART. Reimbursement may take 1-2 months or more.
- 3. All design/construction administration, reporting and compliance requirements related to the Federal Grant.
- Be a direct recipient if allowed in the NOFO
- Request ADOT administration (PDA and/or construction administration fees will apply)
- Other:

 Which phase(s) of the Project will be submitted in the Federal Grant application? Check the boxes for each * applicable phase. NOTE: The Applicant is responsible for determining the eligibility of each phase under the selected Federal Grant.

RESOLUTION #1736

A RESOLUTION OF THE MAYOR AND COMMON COUNCIL OF THE TOWN OF CLARKDALE, ARIZONA, A MUNICIPAL CORPORATION OF ARIZONA, TO AUTHORIZE THE APPLICATION FOR AN ARIZONA SMART GRANT FOR DESIGN AND OTHER ENGINEERING SERVIES PURSUANT TO TITLE 28, CHAPTER 2, ARTICLE 2, ARIZONA REVISED STATUTES.

WHEREAS, in Chapter 322 of the Laws of 2022 ("the Act"), the Arizona Legislature established the AZ SMART Fund and program, and authorized the State Transportation Board, among other things, to award grants to Eligible Applicants for design and other engineering services ("DOES"), grant development and submission ("GDS"), and Match for a surface transportation project for which the Applicant will submit a Federal Grant application;

WHEREAS, ARS §28-399.Q.1 as amended in Chapter 120 of the Laws of 2024 defines "Federal grant" to mean a federal discretionary grant program administered by any federal agency for surface transportation purposes;

WHEREAS, the AZ SMART Fund Request for Grant Applications and Agreement ("RFGAA") defines "surface transportation purposes to mean a road, bridge, transit or rail infrastructure project, study or plan document that is eligible for a Federal Grant;

WHEREAS, Applicants for AZ SMART Fund must apply in accordance with the requirements of the Act and the RFGAA;

WHEREAS, the Town of Clarkdale has determined that it will apply to AZ SMART for DOES for Luke Lane and Broadway Improvements ("Project");

WHEREAS, the Town of Clarkdale acknowledges that the Arizona Department of Transportation (ADOT) will administer and initiate design of the Project.

WHEREAS, the Town of Clarkdale desires to submit the Project for the federal discretionary grant identified in the RFGAA;

WHEREAS, the RFGAA requires that applications include a resolution from the governing body of the Applicant stating the Project is in the best interests of the residents of the municipality or county in which the Project is or will be located and requires the resolution to state the commitment of Applicant funds, if applicable;

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF the Town of Clarkdale, Yavapai COUNTY, ARIZONA, AS FOLLOWS:

Section 1: That the Town of Clarkdale Project described above is in the best interests of the residents of the Town of Clarkdale.

Section 2: That the Town of Clarkdale requests \$1,328,821 for DOES

from the AZ SMART Fund.

Section 3: That \$25,000 of cash monies of the Town of Clarkdale are committed to the Project.

Section 4: That the Town of Clarkdale will apply for the Federal Grant identified in the RFGAA within two years of the date an award is approved by the Board.

Section 5: That the Town Manager is authorized to submit and sign the RFGAA and all other documents related to acceptance of this grant.

PASSED AND ADOPTED by the Town Council of the Town of Clarkdale, Yavapai County, Arizona, this 16th day of June, 2025.

Robyn Prud'homme-Bauer Robyn Prud'homme-Bauer Mayor, Town of Clarkdale, Arizona

Town of Clarkdale PO Box 308 Clarkdale, AZ 86324

Dear Susan Guthrie,

Northern Arizona Council of Governments (NACOG) is pleased to inform you that the *Luke Lane Dirt to Pavement Project with Broadway Street Pedestrian Connectivity* project will be included in the 2024 Regional Priority Projects List (RPPL). NACOG's Transportation Technical Subcommittee (TSC) voted to approve the 2024 RPPL at their August 7th meeting and Regional Council voted to approve the list at their August 22nd meeting.

The 2024 RPPL includes most of the projects that were listed in the 2023 RPPL, along with some new additions from the 2024 Call for Projects. All jurisdictions have updated their project cost estimates for 2024 to reflect current costs and trends, while NACOG made minor updates to project titles and descriptions to better frame the projects as widely beneficial to northern Arizona.

In October and November, NACOG will arrange meetings with the legislative delegations (senators and representatives) from Districts 1, 6 and 7, which encompass the four-county region. Through these meetings, NACOG will further educate legislators about each of the projects in their district and seek input and insights from the legislators on how we can most successfully advocate for project funding in 2025.

State legislators have asked for confirmation that local jurisdictions are prepared to follow through on both the implementation and local match commitment for their projects. In response, NACOG is once again using the enclosed Commitment Form for **authorization by jurisdiction management (town, city or county manager) or top elected official (chair of board or mayor) to demonstrate firm commitment to the project and local match.**

Any discussion of edits/changes to project titles, local match amounts, or schedule should be discussed with the NACOG planning team prior to signing and returning this form. Signed return of this form indicates that project details are agreed upon as written. The completed Commitment Form is **due on Friday, September 13th, 2024.**

Sincerely,

Chris Fetzer NACOG Executive Director

April 9, 2025

Arizona Commerce Authority Business Development Division 100 N. 15th Ave, Suite 401 Phoenix, AZ 85007

Dear Members of the Arizona Commerce Authority Grant Review Committee,

I am writing on behalf of the City of Yuma to submit our application for the Arizona Commerce Authority's FY2025 Economic Strength Projects (ESP) Grant. We are seeking funding to support our ambitious initiative, *Project Ambition*, a transformative project designed to enhance the local economy, foster job growth, and drive sustainable development in the Yuma region.

The City of Yuma has consistently demonstrated its commitment to fostering economic growth and building a resilient community. We firmly believe that *Project Ambition* will be a key catalyst in advancing our long-term goals, creating meaningful employment opportunities, and enhancing the overall quality of life for all residents. Your support will be instrumental in enabling us to achieve these objectives, ensuring that the Yuma area continues to thrive as a competitive player in Arizona's dynamic economy.

We are excited about the opportunity to collaborate with the Arizona Commerce Authority in realizing the vision of *Project Ambition*. Please find our detailed proposal and supporting documentation attached. We would greatly appreciate the opportunity to discuss the project further and address any questions you may have. Thank you for your time and consideration. We look forward to the possibility of working together to strengthen Yuma's economy and make a lasting impact on our community.

Sincerely

Sincerely, Laura Piña Grant Writer City of Yuma

ECONOMIC STRENGTH PROJECTS (ESP) GENERAL INFORMATION FORM

Applicants are required to complete all fields, print, sign in ink, and include the original signed form with their Grant Application submission.

Project Narrative

Project Description and Timeline – Improvements

Nature of the Highway or Roadway Improvements: The City is requesting funding in the amount of \$345,240.00 for the construction of a new asphalt-paved road that will provide critical access to undeveloped sites near Interstate 8 and Avenue 4E. The roadway improvements are designed to enhance accessibility to these previously underutilized areas, unlocking significant economic development opportunities. The roadway will connect directly to the City's existing arterial roadway system, ensuring seamless access to major transportation routes, and facilitating the movement of goods and services to and from the region.

Anticipated Economic Development Benefit: This infrastructure project is expected to play a vital role in spurring local economic growth. The newly constructed road will serve as a primary access point for a proposed "demonstration-scale" biomass processing facility, which will generate approximately 40 new jobs, with an average base wage of \$82,500 per year. Additionally, the project is projected to attract \$113 million in capital investment to the region. The improved infrastructure will also enhance the area's potential for future investment by making it more accessible and attractive to other businesses. The overall economic impact includes job creation, increased tax revenue, and the stimulation of local industries, particularly in the renewable energy and manufacturing sectors.

Party or Parties Performing the Construction or Reconstruction: The roadway construction will be managed by the **City of Yuma**, with extensive experience in infrastructure projects of this scale. The City of Yuma will oversee all aspects of the project, including site preparation, road paving, and the installation of necessary signage and safety features. Local subcontractors specializing in utilities, drainage systems, and environmental compliance will also be involved in the execution of the furthering project after the city completes the road pavement.

Intended Uses of ESP Funds: The **ESP funds** will be used specifically to support the construction of the **asphalt-paved road**, which is integral to facilitating access to the proposed biomass processing facility and surrounding development sites. Funds will cover costs for removal and disposal of AC and concrete, finish and install 3" AC over 10" ABC, furnish and install 1-" sewer line and manholes, F&I 12" WL and components per plan and a border curb.

Specific Information Required Under Section 1.4: Under **Section 1.4**, The project will adhere to the **[local, state, or federal] transportation and safety standards** to ensure a safe and efficient roadway for all users, including provisions for future expansion or modifications as needed.

Timeline for Completion of the Improvements: The construction of the roadway is expected to be completed within **3 months**.

Amount of Cash Match Contribution: The City of Yuma will provide a cash match of \$38,360.00, which will go towards eligible ESP project costs. This contribution will meet the required 10% cash match for the project, ensuring that the total contribution is well within the necessary guidelines for the ESP grant. The cash match will be drawn from the City's General Fund, a stable and secure funding source that is already earmarked for this specific purpose.

Timing of the Cash Match: The \$38,360.00 cash match will be provided throughout the grant reimbursement process as required.

Intended Use of the Cash Match: The cash match will be specifically used for the eligible ESP project costs, which covers the costs associated with grading and paving, wet utilities installation and border curbing.

Sources of the Cash Match: The City of Yuma is the sole entity responsible for providing the entire \$38,360.00 cash match. The contribution will come directly from the City's General Fund, which has been designated for infrastructure projects such as this one. No other external sources are contributing to this match.

Nature of the Commitment: The City of Yuma is fully committed to providing the \$38,360.00 cash match, and this commitment is formalized through an internal resolution that guarantees the funds will be allocated for this project. The match commitment is binding in all circumstances, and the funds are available immediately upon approval of the grant application. The city has demonstrated its ongoing dedication to this infrastructure project and is prepared to move forward regardless of the outcome of other funding opportunities.

Impact of ESP Funding on Project Timeline and Effectiveness: Without the support of the **ESP funding**, the proposed project would face significant delays or may not proceed at all due to lack of available resources. The City's **General Fund** can only support the design phase of the project, and without the grant, the construction phase would be unable to begin. Efforts to obtain funding from other sources, such as private investors and federal infrastructure programs, have been pursued but have not yet been successful or sufficient to fully fund the construction phase. The ESP funding is essential to ensuring the timely completion of the roadway improvements and the biomass facility, which will significantly advance the objectives of economic development, job creation, and sustainable infrastructure in the region.

The proposed project is a **demonstration-scale biomass processing facility** that will utilize innovative, sustainable technology for the production of **natural non-wood pulp fiber** and **natural liquid plant extract products**. The facility will focus on utilizing **renewable plant materials** sourced from nearby locations in the Southwest. The goal of the project is to establish a model for sustainable and environmentally friendly production methods, making a significant impact on the local economy and the global shift towards more sustainable industries.

Development Plans and Impact

- **Types of Businesses Benefited**: The proposed facility will directly benefit businesses involved in **biomass processing**, **renewable energy**, and **sustainable agriculture**. These businesses will experience improved access to the facility for transportation of raw materials and products, leading to reduced shipping times and costs. Indirectly, businesses in sectors such as **manufacturing**, **logistics**, and **construction** will benefit from the infrastructure improvements associated with the project.
- Base Industry Consideration: As the facility will produce biomass pulp fiber and liquid plant extract products, it represents a base industry, particularly in the renewable materials sector. These products will be sold to various industries that rely on natural, sustainable raw materials, such as textiles, packaging, and other environmentally conscious manufacturing sectors.

Capital Investment and Job Creation/Retention

- Capital Investment Projections:
 - One-Year Projection: The initial phase of the facility's construction and equipment installation will require significant investment. This will include the construction of a 45,000 sq ft building, installation of processing equipment, storage tanks, and outdoor transformers, and establishment of boilers, air handling systems, and laboratories. Based on current estimates, the anticipated capital investment in the first year is expected to be in the range of \$37 million.
 - **Three-Year Projection**: By the third year, after full establishment and ramp-up of operations, additional investments will be made in expanding the facility's capabilities, particularly with the potential addition of a **dryer facility**. The anticipated investment over this period is expected to be **\$113 million**. The continued development and scaling up of operations will create further value and opportunities in the region.
- Job Creation and Retention:
 - One-Year Job Projection: Upon completion of the facility, the project is expected to create 23 direct jobs within the first year. This will include positions in operations, research and development, administration, and maintenance. Jobs will be offered with competitive wages in line with industry standards for these roles. Estimated wages are \$82,500 per year.
 - Three-Year Job Projection: By year three, with the ramp-up in production and potential for expansion, 17 additional jobs will be created in areas such as **production management, technical support, and sales**. The total number of jobs created or retained will be 40 by the third year. These positions will be expected to provide healthcare benefits, retirement plans, and other standard employee benefits.

Uncertainties and Projections

Since specific businesses have not been finalized at the time of the application, the capital investment and job creation figures provided above are based on industry averages and assumptions derived from similar-scale biomass facilities. The anticipated investments are based on expert estimates in the **renewable energy** and **biomass processing** sectors.

Certifications and Basis for Projections

Although specific businesses that will directly benefit from the facility are not yet identified, the **capital investment** and **job creation** projections are based on consultations with industry experts, local economic development agencies, and the business plan provided by the project's owners. The **job creation and capital investment projections** will be validated and updated once concrete agreements with specific companies are made.

Job Retention for Economic Stability

Although the primary focus of this project is job creation, it is important to note that the facility will also contribute to the **retention of existing jobs** in industries like **agriculture**, **renewable energy**, and **logistics**. By improving the region's access to transportation networks and providing a facility that supports sustainable practices, the project aims to strengthen the local economy and prevent the loss of jobs in these key sectors.

Timeline for Project and Development

- Year 1: Groundbreaking and construction of the **45,000 sq ft facility**. Installation of process equipment, storage tanks, and outdoor transformers.
- Year 2: Completion of internal operations, including laboratories, office spaces, and workshops. Initial production operations begin.
- Year 3: Full-scale production begins. Expansion of operations, potentially adding a dryer facility. Continued scaling and potential for further job creation and investment.

Conclusion

This biomass processing facility represents a unique opportunity to foster sustainable development in the region. With significant capital investment and job creation projected, this facility will not only serve as a model for future projects but also provide long-term benefits to the local economy, helping to strengthen key industries in renewable energy, agriculture, and manufacturing.

ESP Grant Budget

Applicant: City of Yuma

Costs	Budget
Eligible ESP Project Costs	
28th Street - Grading and Paving	\$170,000.00
28th Street - Wet Utilities Installation	\$180,100.00
28th Street - Border Curb	\$33,500.00
Total Eligible ESP Project Costs	\$383,600.00
Other Costs Ineligible for ESP Reimbursement	
Earthwork & Grading	\$290,000.00
Site Concrete	\$335,000.00
Vert Curb	\$32,500.00
VCG	\$103,000.00
Border Curb	\$36,000.00
Site Utilities	\$800,000.00
Site Pavement	\$1,805,000.00
Foundation & Footing	\$2,365,000.00
Fiber SOG No Rebar	\$1,600,000.00
28th Street - Wet Utilities materials	\$99,900.00
Total costs ineligible for ESP reimbursement	\$7,466,400.00
Total Project Costs	\$7,850,000.00

Funding	Budget
ESP Funds Requested for Cost Reimbursements	\$345,240.00
ESP Funds Percentage of Eligible Project Costs	90.0%
Match Contributions - Do not include ineligible costs.	
City of Yuma	\$38,360.00
Total Match Contributions	\$38,360.00
Match Percent of Total Eligible ESP Project Costs	10.0%
Other Funding for Costs Ineligible for ESP Reimbursement	
Contractor	\$7,466,400.00
Total funding for ineligible costs	\$7,466,400.00
Total Project Funding	\$7,850,000.00

City Administration One City Plaza Yuma, Arizona 85364

April 1, 2025

On behalf of the City of Yuma, I am writing to formally express our commitment to providing the necessary matching contributions for the Arizona Commerce Authority's FY2025 Economic Strength Projects (ESP) Grant application. We recognize the value and importance of the ESP Grant in fostering economic growth and supporting vital infrastructure and community development initiatives within our region.

As part of the grant application process, the City of Yuma understands that a 10% match is required for the total eligible project cost of \$383,600. We are pleased to confirm that the City of Yuma will fully meet this requirement by providing the funds for the project. Specifically, the City will contribute \$38,360 to cover the matching funds. This contribution will be allocated to ensure the successful execution of the proposed project and to support the broader goals of the Arizona Commerce Authority in strengthening the economic vitality of our city.

We are excited about the opportunity in this endeavor and to contribute to the continued growth and prosperity of Yuma and the surrounding areas. We believe that this grant will play a crucial role in enhancing the infrastructure and services that support our local economy, and we are committed to ensuring that the project is completed successfully, on time, and within budget.

Please do not hesitate to reach out if you require any further documentation or clarification regarding our commitment or the matching funds. We look forward to the opportunity to work together to strengthen the economic foundation of our community.

Sincerely,

John Simonton City Adminitrator City of Yuma

Delete project.

26. JUSTIFICATION OF REQUEST

This local project is the final phase of the Golden Hills Sidewalk between Main Street and Hospital Drive. The cost estimate exceeds available construction funds and the Gila County Board of Supervisors voted to cancel the project and re-submit for Transportation Alternatives funding in Fiscal Year 2026.
