

**926 - 927 ENGINEER'S FIELD OFFICE AND FIELD LABORATORY**

When the plans or special provisions require it, the Contractor may be responsible for furnishing adequate facilities for the Resident Engineer to use as a construction field office and a field laboratory. The Standard Specifications or Special Provisions will contain a list of what services and facilities are included in this requirement.

The Resident Engineer will designate the location of the field offices and the Contractor will provide and maintain all utilities necessary to make this office fully functional prior to commencing any work activities.

The Resident Engineer should insure that all required permits are obtained by the Contractor and that provisions have been made to keep the facilities fully functional for the duration of construction activities.
