

State Route 189 (Mariposa Road)

International Border to Grand Avenue

Public Meeting

Nogales High School

February 20th, 2020

Project Need

- ▶ The Mariposa Port of Entry is one of the busiest cargo ports along the U.S.-Mexico border and traffic volumes on State Route 189 (SR 189) are continuing to increase. Improvements are needed to accommodate the increasing volume of traffic safely and efficiently.

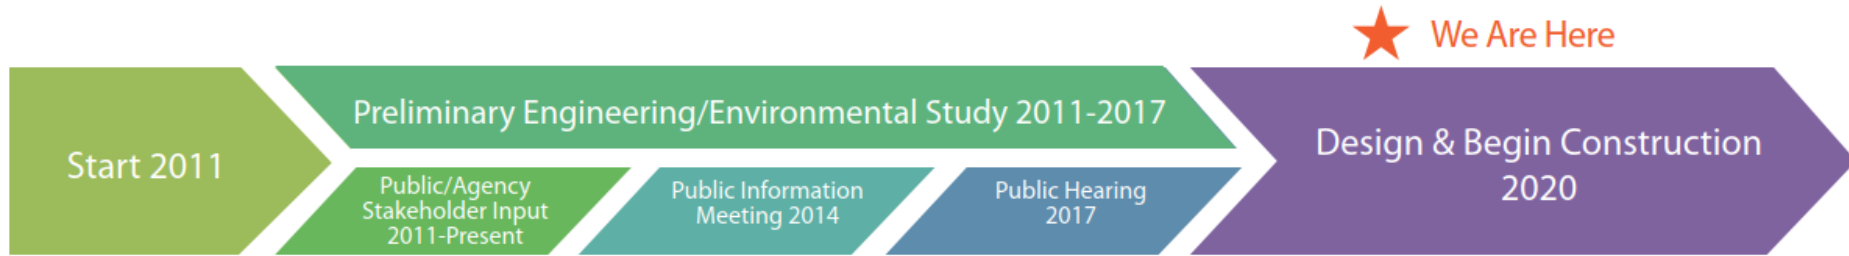

Project Purpose

- ▶ The purpose of the project is to improve vehicular access, circulation, and mobility to reduce vehicle conflicts on SR 189 from the Mariposa POE to Grand Ave.

Design-Build Delivery Method

- ▶ Alternative project delivery method
- ▶ ADOT procures both a designer and a contractor to work as a team
- ▶ Cost reductions due to innovative designs
- ▶ Reduced construction duration
- ▶ Selected for this project to reduce construction duration; minimize affects on motorists and businesses
- ▶ Team Selected: AMES Construction/Horrocks Engineers

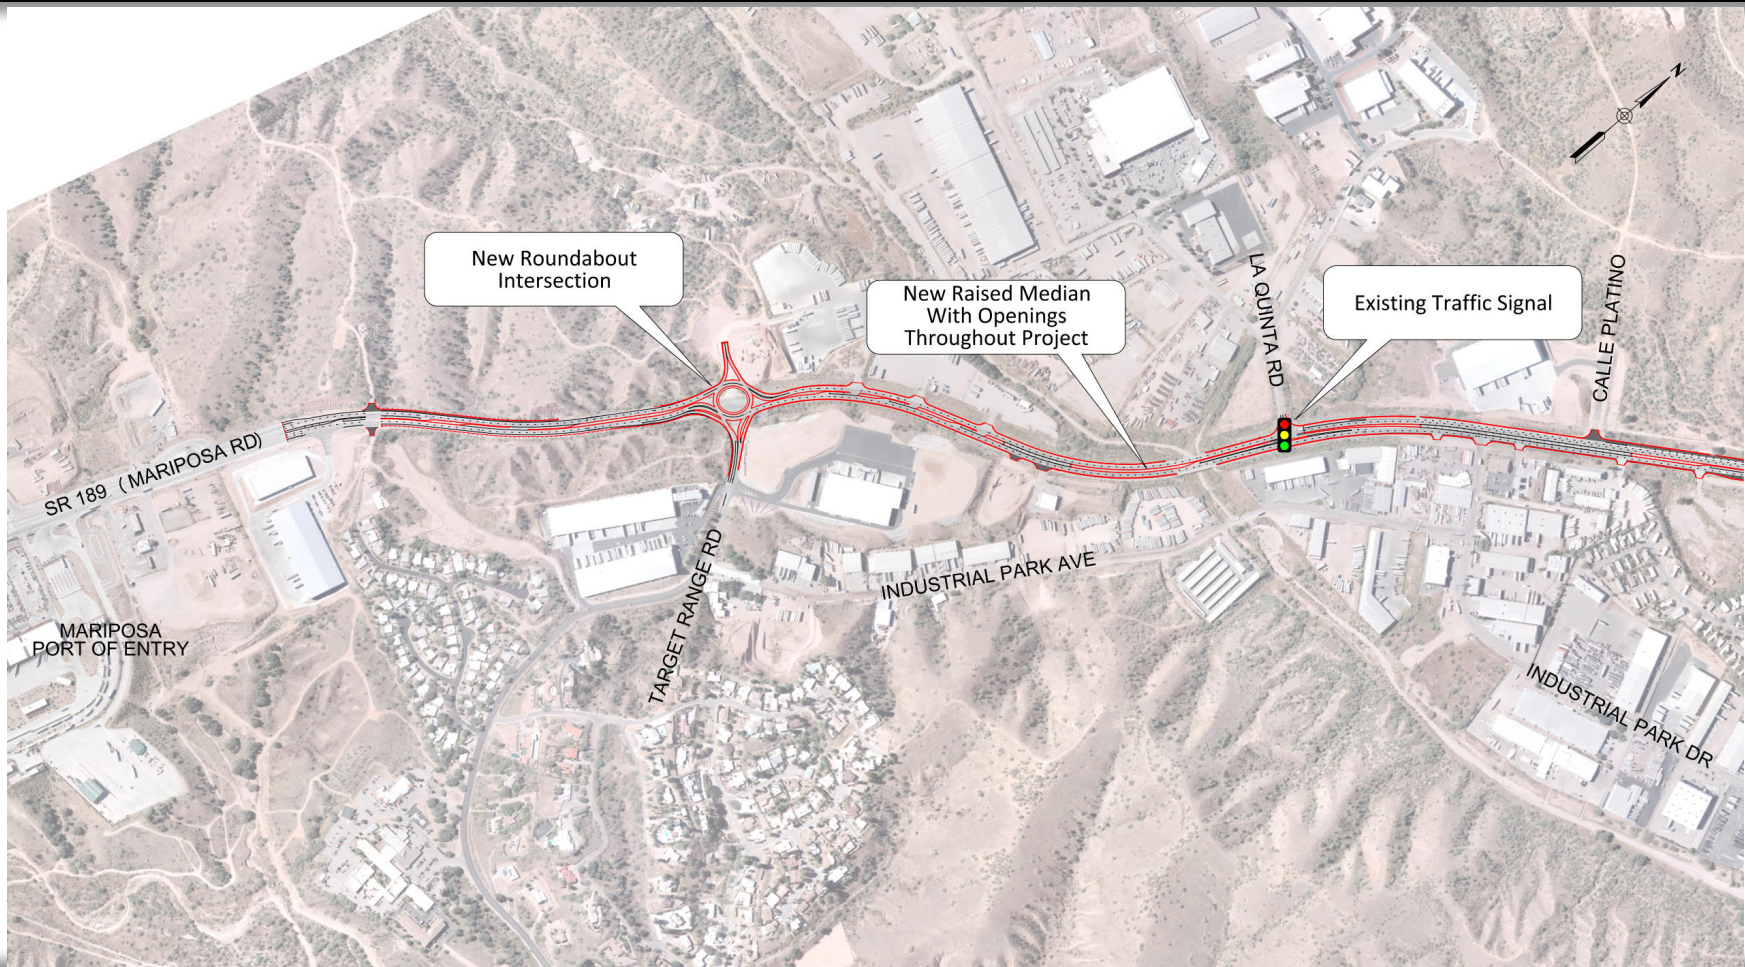

Schedule

- ▶ Begin Design and Construction: April 2020
- ▶ Construction Duration: 18 Months
- ▶ Construction Completion Goal: Fall 2021

Major Project Elements

- ▶ Widen SR 189 for a new raised median
- ▶ New 2-lane roundabout intersection at Target Range Rd
- ▶ New traffic signal at Loma Mariposa Rd
- ▶ New flyover ramps connecting SR 189 with I-19
- ▶ Add a 3rd lane on SR 189:
 - Westbound from Grand Ave to La Quinta Rd
 - Eastbound from Loma Mariposa Rd to Congress Dr
- ▶ Improvements on Grand Ave
