

## PLANNING AND PROGRAMMING

TCH3360

7/08/2020

Module 1 begins with an introduction from staff representing our Project Management Group (PMG). Attendees then become familiar with the Multimodal Planning Division (MPD) and their role in developing the Five-Year Transportation Facilities Construction Program and the pre-scoping of projects. Additionally, Local Public Agency (LPA) section staff will discuss working with cities, counties, towns and tribes and how the Joint Project Agreement (JPA) section reviews the development of agreements with our transportation partners.
