2	2 This standard work describes how to remove a "locked" project status by un-submitting and deleting the latest project version under the in-progress, submitted and accepted phase as well as to delete a TIP action no longer required.					
3	Actions for deleting the latest project version that is In-Progress either for an adoption or amendment. 3		In the task bar lock symbol (ir amendment ar adoption in pro progress page on the right sid This will not de latest version u From the adop in progress pag information by	place your cursor over the open n-progress), then adoption or ad then view all (TIP) . From the ogress or the amendment in locate the project and click on the X le to delete this project version. elete the project from ESTIP only the under the identified TIP ID number. tion in progress or the amendment ge you can also update project clicking on the project TIP ID or		

		submit the project change for review and	
		acceptance.	
	Actions for deleting the latest project version	In the taskbar place your cursor over the arrow	
	that is submitted for review either for an	symbol (submitted), then adoption or amendment	
	adoption or amendment.	and then view all (TIP). From the programmed	
	•	projects pending review page locate the project	
		and click on the box to the far right of the page	
5		and then click on the red unsubmit box in the top	
		right corner. The version of the project will be	
		changed to in progress and can be deleted by	
		clicking on the X on the in progress page . This will	
		not delete the project from ESTIP only the latest	
		version under the identified TIP ID number.	
		- From the adoption in progress or the	
		amendment in progress page you can also update	
		project information by clicking on the project TIP	
		ID and submit the project change for review.	
6		- From the programmed projects pending review	
		page you can also update project information by	
		clicking on the project TIP ID or accept the project	
		changes by clicking on the box to the far right and	
		clicking on the red accept box at the top of the	
		page.	
	Actions for deleting the latest project version	In the taskbar place your cursor over the check	
	that is accepted for either an adoption or	mark (accepted), then adoption or amendment	
	amendment.	and then view all (TIP). From the programmed	
		projects-accepted projects page, locate the project	
		and click on the box to the far right of the page	
7		and then click on the red unsubmit box in the top	
		right corner. The version of the project will be	
		changed to in progress and can be deleted by	
		clicking on the X on the in progress page . This will	
		not delete the project from ESTIP only the latest	
		version under the identified TIP ID number.	

8		From the adoption in progress or the amendment in progress page you can also update project information by clicking on the project TIP ID and submit the project change for review and acceptance.	
9	Actions for deleting a TIP amendment number if no longer required.	On the front page under the TIP Actions Pending MPO/COG Approval locate the TIP ID to be deleted. Ensure that all projects are deleted from the TIP ID. If there are no projects assigned to the TIP ID there will be two "0" to the left of the TIP ID. Click on the X at the far right to delete the TIP ID.
