

# US 89: Horseshoe Bend Overlook, City of Page, Coconino County INTERSECTION IMPROVEMENT PROJECT

## PROJECT OVERVIEW

The Arizona Department of Transportation is improving the intersection on US 89 at the Horseshoe Bend Overlook south of the city of Page, Coconino County. The project is located on US 89 between milepost 544 and milepost 545. The purpose of the project is to decrease the potential for collisions by separating turning vehicles from through traffic, improving the efficiency of the roadway and reduce parking on the roadway shoulder.

The work consists of widening US 89 for a northbound left-turn lane, applying new pavement and installing new signage and pavement markers.

## WHAT TO EXPECT

The project is scheduled to begin October 2020. Traffic may be restricted to one lane only with alternating traffic directed by flaggers during work hours, returning to two-way traffic during non-working hours. Motorists may experience short-term traffic delays.

## STAY INFORMED

Schedules are subject to change based on weather and other unforeseen factors. For more information, please call the ADOT Bilingual Project Information Line at **855.712.8530** or go to **azdot.gov/Contact** and select **Projects** from the drop-down menu.
