ADOT

The ADOT Map Book

Introduction

The Arizona Department of Transportation (ADOT) Map Book samples the numerous uses made of ADOT's base centerline file, commonly known as Arizona Transportation Information System (ATIS) Roads. ATIS Roads is a Geographic Information System (GIS) feature class, or layer, representing Arizona's roads and streets. It is maintained by the ADOT Multimodal Planning Division's GIS for Transportation (GIS-T) Team.

GIS has gained strength throughout ADOT for its usefulness as a software tool in planning, analyzing, modeling and managing spatial information. Maps produced from GIS databases provide a visual array of information, enabling the user to easily understand otherwise complex environmental, economic, and social issues. GIS is more than just printed maps, its power lies in the databases that it is built from which enable the user to query by spatial location.

GIS has been used at ADOT for many years. One often hears the "ATIS Standard" quoted as a source for location reference of highway projects and Agency assets. The GIS-T Team continually creates and maintains GIS databases and obtains databases from other sources. These sources may include Local, State, and Federal agencies and the Private Sector. These databases are then used as overlays in ATIS Roads, converting a static representation of the roads and streets into a dynamic GIS application. The maps in this edition of the Map Book represent those maps that are most often requested and used within ADOT.

Lastly, data sharing is at the heart of GIS technology's effectiveness. The GIS community in Arizona is a diverse group with a strong commitment to cooperative data sharing and without this cooperative effort, many of the maps presented here could not have been produced.

Table of Contents

Section One: Arizona Highway System

State Highway System	5
State Milepost System.....	6
National Highway System	7
Functional Classification System	8
Arizona Scenic Roads	9
Canamex Corridor and Ports of Entry	10

Section Two: Transportation Board Districts

Transportation Board Districts.....	12
District 1 Milepost System	13
District 2 Milepost System	14
District 3 Milepost System	15
District 4 Milepost System	16
District 5 Milepost System	17
District 6 Milepost System	18

Section Three: Engineering and Maintenance Districts

Engineering and Maintenance Districts	20
Central District Maintenance Organizations.....	21
Northcentral District Maintenance Organizations	22
Northeast District Maintenance Organizations	23
Northwest District Maintenance Organizations.....	24
Southcentral District Maintenance Organizations.....	25
Southeast District Maintenance Organizations	26
Southwest District Maintenance Organizations	27

Section Four: Statewide Boundaries

ADOT Regional and District Boundaries.....	29
Councils of Governments (COGs) and Municipal Planning Organizations (MPOs).....	30
American Indian Reservations.....	31
Land Ownership	32
Arizona Legislative Districts	33
Arizona Congressional Districts	34

Section Five: ADOT Facilities

Fuel Sites.....	36
Equipment Services Shops.....	37
Arizona Rest Areas	38

Section Six: Alternative Modes of Transportation

5310 Transit Service	40
5311 Transit Service	41
Arizona Railroads.....	42
Arizona Airports.....	43

Section Seven: Metropolitan Areas

Phoenix Area Milepost System	45
Phoenix Area HOV Lanes and Milepost System	46
Tucson Area Milepost System.....	47
