

State Route 77: Junction Interstate 10 Miracle Mile to Calle Concordia

Overview

The Arizona Department of Transportation is working to improve the area of State Route 77: Junction I-10 to Calle Concordia. The project is a combination of three projects. The project will span between the Junction of Interstate 10 and Miracle Mile to River Road on SR 77 (Oracle Road), and from River Road to Calle Concordia Road on SR 77 (Oracle Road) in the Town of Oro Valley. Construction will begin in early 2021 and will last approximately 2 years. Granite Construction is the Prime contractor. The project will include;

- Pavement rehabilitation from I-10 and Miracle Mile to Calle Concordia
- Roadway drainage improvement
- Utilities relocation
- Lighting improvements, including new LED street lights between River and Ina Roads
- Signal and intersection improvement between River and Ina Roads
- Reconstructing driveways, sidewalks and sidewalk ramps between I-10/Miracle Mile and River Road to meet ADA compliance
- Constructing new ADA approved ramps, sidewalks, driveways between River and Magee Roads
- Adding new dual left turn lanes to the intersection of Magee and Oracle Roads northbound to westbound.
- Installing a storm drain system from River to Orange Grove Roads

Schedule

The project is expected to begin in April of 2021 and last approx. 2 years. Project information and schedule will be updated as available. ***Businesses along Miracle Mile and Oracle Roads may be contacted by email, phone, an in-person visit or mail to inform them of impacts.*** Project information is available on the [SR 77 project page](#)

Traffic Alerts

Drivers should expect possible delays at times throughout the project and should consider alternate routes.
