

# State Route 69: Prescott Lake Parkway to Frontier Village

## TRAFFIC SAFETY AND OPERATIONS IMPROVEMENT PROJECT

### OVERVIEW

The Arizona Department of Transportation, in partnership with the Central Yavapai Metropolitan Planning Organization, is planning to widen State Route 69 in the city of Prescott, located in Yavapai County, Arizona.

The project includes the addition of one lane in each direction on State Route 69 from west of Prescott Lakes Parkway at milepost (MP) 294 to Frontier Village, east of the Yavpe Connector at milepost (MP) 295 with a raised center median. A new raised center median will also be constructed from Yavpe Connector to Heather Heights.

The purpose of this project is to improve traffic safety and operations. The project is currently in the final design phase and construction is scheduled to begin in fall of 2022.

Updated information will be added to the project web page, [azdot.gov/sr69frontiervillage](https://azdot.gov/sr69frontiervillage), as it becomes available. To receive project updates by email, visit the web page and click on Subscribe for Updates.
