

Summary

More than 50 people, including stakeholders and study team members, attended the first Freight Advisory Committee meeting on October 12, 2021, via Zoom. The graphic at right shows the composition of participants.

Presentation Topics

- Introductions of stakeholders and study team members present
- Information about the previous State Freight Plan and its Findings
- Current Freight Issues
- Economic Context
- Bottlenecks
- Next Steps

The presentation is available at

<https://azdot.gov/sites/default/files/media/2021/10/21-1012-ADOT-State-Freight-Plan-FAC1.pdf>

Key Takeaways

- Consider other planning efforts including:
 - The state's prioritized advanced manufacturing strategy
 - International border studies
 - University of Arizona tools to estimate freight performance on I-10
- Include innovation and system resiliency

See page 2 for the Project Schedule.
