

# I-17 Construction Update

## Southbound I-17 frontage road, ramp closures between Greenway and Thunderbird roads to begin Nov. 11

Beginning Nov. 11 and continuing through early 2023, the following closures will be in place around the clock for the Interstate 17 Drainage Improvement Project:

- The southbound I-17 off-ramp at Thunderbird Road will be closed. **Detour:** Drivers can exit I-17 at Greenway Road or Cactus Road and use 35th or 19th avenues to access Thunderbird Road.
- The southbound I-17 frontage road between Acoma Drive and Thunderbird Road will be closed. **Detour:** Drivers can use Acoma Drive to 31st Avenue to access both Thunderbird and Greenway roads.
  - For access to Rise Thunderbird apartments, a portion of the frontage road will remain open for local access only. Drivers may travel both north- and southbound from Acoma Drive to the complex entrance.
- Periodic weekend and overnight closures of Thunderbird Road will also be required.

ADOT will provide more details prior to these closures. The closures are needed to install a new storm drain along the frontage road and connect it to the Arizona Canal Diversion Channel north of Dunlap Avenue.

### ABOUT THE PROJECT

The Interstate 17 Drainage Project will improve the storm water drainage system between Greenway Road and Dunlap Avenue in Phoenix to reduce the potential for flooding at the cross streets. The improvements include constructing a new storm drain system to direct storm water into the Arizona Canal Diversion Channel, new drainage basins at Thunderbird Road, and removing the existing pump stations at the cross streets.
