Chapter 1 – Introduction

The Arizona Department of Transportation (ADOT) is the designated recipient and the agency responsible for administering the Federal Transit Administration's (FTA) Sections 5305, 5307, 5310, 5311 and 5339 formula grant programs. ADOT pools the 5307 Urban Funds for those areas of the state unable to utilize their full apportionment and makes the funding available through a competitive application process for all small urban areas in Arizona. Section 5339 Urban funds and 5339 Statewide are also pooled and made available through a competitive application process. For 5310 funding, ADOT manages all funds apportioned to the state except those funds apportioned to the Phoenix/Mesa UZA. The City of Phoenix is the direct recipient of those funds. ADOT continues to have assets in this direct recipient's service area and will continue to inventory those assets until their useful life has been met and there is no federal interest remaining in the asset.

ADOT Multimodal Planning Division - Transit Group is responsible for ensuring the fair and equitable distribution of FTA fund; advertising for the availability of funds; administering grant application processes and administering the FTA funds; providing grant management guidance and technical assistance to applicants and grantees; administering and monitoring contracts; and ensuring compliance with federal requirements by all subrecipients.

Performance Targets and Measures

ADOT has developed the following performance targets and measurements based upon the transit assets currently held by our subrecipients.

Asset Category - Performance Measure	Asset Class	2022 Target	2023 Target	2024 Target	2025 Target	2026 Target
REVENUE VEHICLES						
Age - % of revenue vehicles within a particular asset class that have met or exceeded their Useful Life Benchmark (ULB)	<i>AB - Articulated Bus</i>					
	<i>AO - Automobile</i>	26%	26%	25%	25%	25%
	<i>BR - Over-the-road Bus</i>	26%	26%	25%	25%	25%
	<i>BU - Bus</i>	26%	26%	25%	25%	25%
	<i>CU - Cutaway Bus</i>	26%	26%	25%	25%	25%
	<i>FB - Ferryboat</i>					
	<i>MV - Minivan</i>	26%	26%	25%	25%	25%
	<i>RT - Rubber-tire Vintage Trolley</i>	26%	26%	25%	25%	25%
	<i>SB - School Bus</i>					
	<i>SV - Sport Utility Vehicle</i>	26%	26%	25%	25%	25%
	<i>TB - Trolleybus</i>	26%	26%	25%	25%	25%
<i>VN - Van</i>	26%	26%	25%	25%	25%	

Asset Category - Performance Measure	Asset Class	2022 Target	2023 Target	2024 Target	2025 Target	2026 Target
EQUIPMENT						
Age - % of vehicles that have met or exceeded their Useful Life Benchmark (ULB)	<i>Non Revenue/Service Automobile</i>	50%	50%	50%	50%	50%
	<i>Steel Wheel Vehicles</i>					
	<i>Trucks and other Rubber Tire Vehicles</i>	50%	50%	50%	50%	50%
FACILITIES						
Condition - % of facilities with a condition rating below 3.0 on the FTA Transit Economic Requirements Model (TERM) Scale	<i>Administration</i>	20%	20%	20%	20%	20%
	<i>Maintenance</i>	20%	20%	20%	20%	20%
	<i>Parking Structures</i>	20%	20%	20%	20%	20%
	<i>Passenger Facilities</i>	20%	20%	20%	20%	20%

TAM Vision

ADOT MPD Transit has developed the TAM Plan to provide guidance on how the state and our subrecipients will achieve and maintain a State of Good Repair (SGR) for all public transportation assets in the State of Arizona. Transit asset management is the strategic and systematic practice of procuring, operating, inspecting, maintaining, rehabilitating and replacing transit capital assets to manage their performance, risks and costs over their life cycle for the purposes of providing safe, cost effective, and reliable public transportation.

TAM and SGR Policy

ADOT MPD Transit developed a group TAM plan for all 5311 subrecipients that do not also receive 5307 funds and those 5310 subrecipients that received operating assistance and their service is open to the public. Each subrecipient was given the option to participate in the ADOT TAM Plan or to opt out of the ADOT TAM Plan.

As of July, 2022, twenty three (23) 5311 subrecipients and ten (10) 5310 subrecipients are participating in the ADOT TAM Plan. Four subrecipients are developing their own TAM Plan since they are also recipients of Section 5307 funds directly from FTA. One tribal recipient of 5311 funding has decided to develop their own plan. One subrecipient is only funded with 5311(f) funds and is not included in the ADOT TAM Plan since we do not provide funding for capital.

The ADOT TAM Plan will be updated in its entirety every four years. Annually, ADOT MPD Transit will report asset information to the National Transit Database (NTD).

TAM Goals and/or Objectives

ADOT has developed the goals and objectives for our Group TAM Plan as listed below.

Goals	Objectives
Increase the statewide average vehicle condition rating to 3.5 by the end of FFY 2024	Dispose of vehicles that are rated as 1 Failure.
	Prioritize the replacement of vehicles with a poor condition rating.
Reduce the number of revenue vehicles exceeding their useful life by 2% in each two year application cycle.	Prioritize the replacement of vehicles that have exceeded their useful life.
	Continue preventive maintenance strategies to extend vehicle service time.

About the TAM Plan

The ADOT TAM Plan contains four major components; the Capital Asset Inventory, the Condition Assessment, the Decision Support Tool and the Investment Prioritization. The Capital Asset Inventory provides a list of all of the capital assets that support the delivery of public transportation services in Arizona. The Condition Assessment includes the current condition that the capital assets are in and whether or not the asset has reached its useful life. The Decision Support Tool identifies the information supporting the decision making process and the Investment Prioritization section identifies how funding will be focused.

Roles and Responsibilities

Role	Title	Agency
TAM Plan Sponsor	Transit Group Manager	Arizona Department of Transportation
5310 Program		
Asset Management	5310 Transit Group Manager	Arizona Department of Transportation
Transit Asset Management	Accountable Executive	Assist to Independence
Transit Asset Management	Accountable Executive	Easterseals Blake Foundation
Transit Asset Management	Accountable Executive	Helping Ourselves Pursue Enrichment Incorporated
Transit Asset Management	Accountable Executive	Hopi Tribe Medical Transportation Program - DHHS
Transit Asset Management	Accountable Executive	Hualapai Indian Tribe
Transit Asset Management	Accountable Executive	New Horizons Disability Empowerment Center
Transit Asset Management	Accountable Executive	Saguaro Foundation Community Living Programs

Chapter 2 – Capital Asset Inventory

Asset information is reported as of July 2022. Assets have been excluded for all subrecipients exercising their option to develop a local TAM plan.

Asset Category/Class	Total Number	Average Age	Average Mileage	Average Value
Revenue Vehicles	477	5.99	140,720	\$81,914.78
<i>AO - Automobile</i>	23	3.22	35,113	\$18,438.00
<i>BR - Over-the-road-Bus</i>	0	0	0	\$0.00
<i>BU – Bus</i>	12	6.17	136,710	\$545,153.00
<i>CU - Cutaway Bus</i>	255	5.72	126,951	\$111,519
<i>FB - Ferryboat</i>	0	0	0	\$0.00
<i>MV – Minivan</i>	114	6.63	217,460	\$36,839.00
<i>SV - Sport Utility Vehicle</i>	10	6	109,070	\$31,838.00
<i>Trucks and other Rubber Tire Vehicles</i>	1	9	150,148	\$5,121.00
<i>TB- Trolleybus</i>	0	0	0	\$0.00
<i>VN - Van</i>	62	6.94	101,157	\$37,533.00
Equipment	14	7.07	69,050	\$40,116.00
<i>SV - Sport Utility Vehicle</i>	2	5	50,211	\$34,150.00
<i>Trucks and other Rubber Tire Vehicles</i>	10	8	82,729	\$37,745.00
<i>VN - Van</i>	2	4.5	19,493	\$57,934.00
Facilities	5	12.0	N/A	\$1,167,671.80
<i>Administration</i>	3	12.67	N/A	\$1,332,082.33
<i>Maintenance</i>	2	11.0	N/A	\$921,056.00
<i>Parking Structures</i>	0	-	N/A	-
<i>Passenger Facilities</i>	0	-	N/A	-

Asset Inventory Detail

Revenue Vehicles

Asset Category/Class	Total Number	Average Age	Average Mileage	ADOT Useful Life Benchmark	ADOT Useful Life Benchmark
Revenue Vehicles	477	5.99	140,720	Years	Mileage
<i>AO - Automobile</i>	23	3.22	35,113	8	100,000
<i>BR - Over-the-road-Bus</i>	0	0	0	14	500,000
<i>BU – Bus</i>	12	6.17	136,710	14	500,000
<i>CU - Cutaway Bus</i>	255	5.72	126,951	10	400,000
<i>FB - Ferryboat</i>	0	0-	0-		
<i>MV – Minivan</i>	114	6.63	217,460	8	100,000
<i>SV - Sport Utility Vehicle</i>	10	6	109,070	8	100,000
<i>Trucks and other Rubber Tire Vehicles</i>	1	9	150,148	8	100,000
<i>TB- Trolleybus</i>	0	0	0	7	200,000
<i>VN - Van</i>	62	6.94	101,157	8	100,000

ADOT is utilizing Useful Life Benchmarks for vehicles based upon years or mileage whichever occurs first.

Automobile

Slightly less than five percent (4.82%) of ADOTs vehicles are classified as automobile. The average age for an automobile is 3.22 years and the average mileage is 35,113 miles. The ADOT useful life benchmark for this vehicle type is 8 years or 100,000 miles. On average our current vehicle inventory for automobile is well below the ADOT useful life benchmark.

Bus

Two point fifty two (2.52%) percent of ADOTs vehicles are classified as bus. The average age for a bus is 6.17 years and the average mileage is 136,710 miles. The ADOT useful life benchmark for this vehicle type is 14 years or 500,000 miles. On average our current vehicle inventory for bus is well below the ADOT useful life benchmark.

Cutaway Bus

Fifty three point forty six (53.46%) percent of ADOTs vehicles are classified as Cutaway Bus. The average age for cutaway buses is 5.72 years and the average mileage is 126,951 miles. The ADOT useful life benchmark for this vehicle type is 10 years or 400,000 miles. On average our current vehicle inventory for cutaway buses is well below the ADOT useful life benchmark.

Sport Utility Vehicle

Two point one (2.1%) percent of ADOTs vehicles are classified as Sport Utility Vehicles. The average age for an SUV is 6 years and the average mileage is 109,070 miles. The ADOT useful life benchmark for this vehicle type is 8 years or 100,000 miles. On average our current vehicle inventory for sport utility vehicles exceeds the ADOT useful life benchmark for miles.

Truck or Other Rubber Tire

Zero point twenty one (0.021%) percent of ADOTs vehicles are classified as Truck or other Rubber Tire Vehicles. The average age for a truck is 9 years and the average mileage is 150,158. The ADOT useful life benchmark for this vehicle type is 8 years or 100,000 miles. On average our current vehicle inventory for truck exceeds the ADOT useful life benchmarks.

Vans

Thirteen (13%) percent of ADOTs vehicles are classified as Vans. The average age for a van is 6.94 years and the average mileage is 101,157. The ADOT useful life benchmark for this vehicle type is 8 years or 100,000 miles. On average our current vehicle inventory for vans exceeds the ADOT useful life benchmark for mileage.

Equipment

Asset Category/Class	Total Number	Average Age	Average Mileage	ADOT Useful Life Benchmark	ADOT Useful Life Benchmark
Equipment	14	7.07	69,050	8	100,000
<i>SV - Sport Utility Vehicle</i>	2	5	50,211	8	100,000
<i>Trucks and other Rubber Tire Vehicles</i>	10	8	82,729	8	100,000
<i>VN - Van</i>	2	4.5	19,493	8	100,000

ADOT is utilizing Useful Life Benchmarks for vehicles based upon years or mileage whichever occurs first.

The majority (71.42%) of ADOTs equipment is classified as Trucks and other Rubber Tire Vehicles. SUV and Vans make up the balance of our equipment. The average age for Trucks and other Rubber Tire Vehicles is 8 years. The average age for an SUV is 5 years and for Van it is 4.5 years. The ADOT useful life benchmark for these vehicle types is 8 years or 100,000 miles. The average for Trucks and other Rubber Tire Vehicles are at the ADOT useful life benchmark for years. Subrecipients will be encouraged to remove these vehicles from service as the condition warrants; however equipment not used in revenue services is not a high priority when making funding awards.

Facilities

Facility condition assessments were conducted by subrecipients assessing the condition of and assigning a rating for facility assets using FTA's Transit Economic Requirements Model (TERM) scale.

Asset Category/Class	Total Number	Average Age	Average TERM Condition
Facilities	5	12	4.0
<i>Administration</i>	3	12.7	4.0
<i>Maintenance</i>	2	11.0	4
<i>Parking Structures</i>	0	-	N/A
<i>Passenger Facilities</i>	0	-	N/A

ADOTs subrecipients operate 5 facilities that meet this asset classification. Sixty (60) percent of the facilities are for administration and forty (40) percent are for maintenance. The average age for all facilities is 12.0 and the average TERM score for all facilities is 4.0.

Chapter 3 – Condition Assessment

Asset information is reported as of June 30, 2022. Assets have been excluded for all subrecipients exercising the option to develop a local TAM plan.

Asset Condition Summary

Asset Category/Class	Count	Average Age	Average Mileage	Average TERM Condition	Average Value	% At or Past ULB
Revenue Vehicles	477	5.99	140,720	3.44	\$81,914.78	23.06%
<i>AO - Automobile 2022</i>	23	3.22	35,113	4.30	\$18,438.00	13.04%
<i>BU – Bus 2022</i>	12	6.17	136,710	2.17	\$280,148.00	0.00%
<i>CU - Cutaway Bus 2022</i>	255	5.72	126,951	3.40	\$111,519.00	17.25%
<i>DB - Double Decked Bus</i>	0	-	-	N/A	-	-
<i>FB - Ferryboat</i>	0	-	-	N/A	-	-
<i>MV – Minivan</i>	114	6.63	217,460	3.25	\$36,839.00	28.95%
<i>SV - Sport Utility Vehicle</i>	10	6	109,070	3.80	\$31,838.00	20.00%
<i>Trucks and other Rubber Tire Vehicles</i>	1	9	150,148	3.00	\$5,121.00	100%
<i>VN - Van</i>	62	6.94	101,157	3.73	\$37,533.00	43.55%
Equipment	14	7.07	69,050	3.93	\$40,116.00	42.86%
<i>SV - Sport Utility Vehicle</i>	2	5.00	50,211	4.5	\$34,150.00	50.00%
<i>Trucks and other Rubber Tire Vehicles</i>	10	8	82,729	3.80	\$37,745.00	50.00%
<i>VN - Van</i>	2	4.5	19,493	4.0	\$57,934.00	0.00%
Facilities 2022	5	12	N/A	4.0	\$1,167,671.80	N/A
<i>Administration</i>	3	12	N/A	4.0	\$1,332,082.33	0.00%
<i>Maintenance</i>	2	11	N/A	4.0	\$921,056.00	0.00%
<i>Parking Structures</i>	0	-	N/A	-	-	N/A
<i>Passenger Facilities</i>	0	-	N/A	-	-	N/A

ADOT utilizes the TERM conditions codes for vehicles and equipment as identified below.

TERM Condition Score – Revenue Vehicles		
5	Excellent	Relatively new, no mechanical problems
4	Good	Well-maintained, no ongoing mechanical problems, shows minor wear.
3	Fair	Near the midpoint of useful life. Vehicle shows obvious signs of wear, regular maintenance keeps it safe and operable, but costs exceed the norm.
2	Poor	Becoming unsafe and unreliable to operate, frequent breakdowns, excessive repair costs.
1	Failure	Is impossible or unsafe to use.

The FTA TERM Condition codes for facilities are utilized by ADOT as represented in the table below.

FTA TERM Condition Assessment Scale Rating - Facilities		
5	Excellent	No visible defects, new or near new condition, may still be under warranty if applicable
4	Good	Good condition, but no longer new, may be slightly defective or deteriorated, but is overall functional
3	Adequate	Moderately deteriorated or defective; but has not exceeded useful life
2	Marginal	Defective or deteriorated in need of replacement; exceeded useful life
1	Poor	Critically damaged or in need of immediate repair; well past useful life

Revenue Vehicles

ADOTs subrecipients have 477 revenue vehicles listed as assets. The average condition of all revenue vehicles is 3.44 or in “Good” condition. Overall 23.06% of our revenue vehicles are past their useful life benchmarks. ADOTs performance measurement goal for revenue vehicles is to have less than 26% of all revenue vehicles past their useful life. Each class of revenue vehicle will be discussed below. Detailed information on the Revenue Vehicle Condition Data and Proposed Investment Project List can be found in Appendix B1.

Automobile

ADOT has three subrecipients that utilize automobiles in revenue service. A total of 23 automobiles are in service. Over 85% of the vehicles are in Good or Excellent condition. Three vehicles are past their useful life but are in Fair condition and are listed as spares.

		Condition	Number of Vehicles	Replacement Cost/Value
1		Failure	0	\$0.00
2		Poor	0	\$0.00
3		Fair	3	\$16,798
4		Good	10	\$192,650.00
5		Excellent	10	\$214,794.00
		Total	23	\$424,242.00

Bus

ADOT has 2 subrecipient with 12 buses. Seven buses are listed as Failure or Poor and are not currently being used in revenue service. ADOT will encourage our subrecipient to immediately repair or replace these vehicles.

		Condition	Number of Vehicles	Replacement Cost/Value	
1		Failure	5	\$1,300,582.00	Repair Immediately or Remove from Service
2		Poor	2	\$597,497.00	Repair Immediately or Remove from Service
3		Fair	4	\$1,146,188.00	
4		Good	0	\$0.00	
5		Excellent	1	\$317,512.00	
		Total	12	\$3,361,779.00	

Cutaway Bus

ADOT has 30 subrecipients with 255 cutaway buses in revenue services. The average condition of this asset class is 3.4 "Good". Forty four vehicles are listed in Failure or Poor condition. ADOT will encourage all subrecipients with vehicles in these two conditions to immediately repair or remove from services. Sixty Eight vehicles are listed as spares and not used in revenue service. Over the past three years, ADOT has been unable to order replacement vehicles due to manufacturing delays and the shortage of parts. Subrecipient are keeping vehicles in their fleet due to the lack of vehicles to purchase. We will continue to work with our subrecipients to replace vehicles as soon as possible. Over 82% of our cutaways are in fair to excellent condition.

		Condition	Number of Vehicles	Replacement Cost/Value	
1		Failure	17	\$1,947,476.00	Repair Immediately or Remove from Service
2		Poor	27	\$3,040,259.00	Repair Immediately or Remove from Service
3		Fair	86	\$9,937,859.00	
4		Good	78	\$8,645,521.00	
5		Excellent	47	\$4,866,218.00	
		Total	255	\$28,437,333.00	

Minivan

ADOT has 15 subrecipients with 114 minivans in revenue services. The average condition of this asset class is 2.10 "Fair". Thirty two vehicles are listed in Failure or Poor condition. ADOT will encourage all subrecipients with vehicles in these two conditions to immediately repair or remove from services. Twenty one vehicles are listed as spares and not used in revenue service. Over the past three years, ADOT has been unable to order replacement vehicles due to manufacturing delays and the shortage of parts. Subrecipient are keeping vehicles in their fleet due to the lack of vehicles to purchase. We will continue to work with our subrecipients to replace vehicles as soon as possible. Over 71% of our minivans are in fair to excellent condition.

		Condition	Number of Vehicles	Replacement Cost/Value	
1		Failure	17	\$560,367.00	Repair Immediately or Remove from Service
2		Poor	15	\$467,152.00	Repair Immediately or Remove from Service
3		Fair	26	\$861,821.00	
4		Good	33	\$1,237,861.00	
5		Excellent	23	\$1,072,401.00	
		Total	114	\$4,199,602.00	

Sport Utility Vehicle

ADOT has 5 subrecipients with sport utility vehicles in revenue services. The average condition of this asset class is 3.8 "Good". A total of 10 vehicles are included in this classification. One vehicle is listed in poor condition and has met its useful life. ADOT will work with this subrecipient to immediately repair

this vehicle or remove it from revenue service. Ninety percent of the vehicles in this classification are in fair to excellent condition.

		Condition	Number of Vehicles	Replacement Cost/Value	
1		Failure	0	\$0.00	Repair Immediately or Remove from Service
2		Poor	1	\$22,595.00	Repair Immediately or Remove from Service
3		Fair	3	\$90,958.00	
4		Good	3	\$82,934.00	
5		Excellent	3	\$121,894.00	
		Total	10	\$318,381.00	

Trucks

ADOT has 1 subrecipient with a truck in revenue services. The average condition of this asset class is 3.0 “Good”. The vehicle is a spare and has met its useful life requirements. The subrecipient has identified replacement of this vehicle in 2024.

		Condition	Number of Vehicles	Replacement Cost/Value	
1		Failure	0	\$0.00	Repair Immediately or Remove from Service
2		Poor	0	\$0.00	Repair Immediately or Remove from Service
3		Fair	1	\$5,121.00	
4		Good	0	\$0.00	
5		Excellent	0	\$0.00	
		Total	1	\$5,121.00	

Vans

ADOT has 12 subrecipients with vans in revenue services. The average condition of this asset class is 3.73 “Good”. ADOT will encourage all subrecipients with vehicles in the “Failure or Poor” condition scale that are utilized in transit service to be replaced as soon as possible. Over the past three years, ADOT has been unable to order replacement vehicles due to manufacturing delays and the shortage of parts. Subrecipient are keeping vehicles in their fleet due to the lack of vehicles to purchase. We will continue

to work with our subrecipients to replace vehicles as soon as possible. Over 84% of vans are listed in fair to excellent condition.

		Condition	Number of Vehicles	Replacement Cost/Value	
1		Failure	4	\$195,777.00	Repair Immediately or Remove from Service
2		Poor	6	\$225,314.00	Repair Immediately or Remove from Service
3		Fair	16	\$526,397.00	
4		Good	13	\$470,047.00	
5		Excellent	23	\$909,526.00	
		Total	62	\$2,327,061.00	

Chapter 4 - Decision Support

Decision Support

The Federal Transit Administration (FTA) funds which are apportioned to the State of Arizona are critical to the continued operation of public transit service in Arizona. ADOT conducts a competitive application process for these funds to ensure that the funds are allocated fairly and equitably. The FTA apportionments managed by ADOT in the Section 5311 program focus on the rural areas of the state. ADOT also manages FTA Section 5310 funding for the Tucson UZA, Small Urban and Rural areas of the state. 5310 subrecipients who operate 5310 services which are open to the public are included in the TAM Plan. The table below identifies the funding programs available.

Process/Tool	Brief Description
5307/5339 E-Grants Competitive Application Process	Applicants apply annually for funding for bus and bus related facilities. In FFY 2019, 5311 agencies will be eligible to apply for the statewide apportionment of 5339 funding.
5310 E-Grants Competitive Application Process	Applicants apply every two years for funding to support the service. Program funds are used for capital assistance, the purchase of vehicles, related equipment, preventive maintenance and operating funds statewide. In addition, mobility management awards are available to assist agencies and communities with their coordination efforts.
5311 E-Grants Competitive Application Process	Applicants apply every two years for funding to support the service. Funds are provided for administration, operations and capital purchases. Capital funds are available to replace, rehabilitate, and purchase buses, preventive maintenance and bus related equipment and to construct bus-related facilities.

Investment Prioritization

ADOT MPD Transit group uses the same evaluation criteria for all projects. However, it is recognized that new systems may not be able to achieve the same service levels as systems that have been in place for several years. ADOT MPD Transit expects new systems to begin with a firm foundation and to steadily improve over the first few years of operations. New systems are not funded unless a transit implementation plan has been developed.

The evaluation criteria address six specific areas: Appropriateness and Effectiveness of Service, Benefit to Rural Community, Financial and Managerial Capability, Local Commitment to Transit and Accessibility, Safety and Training, and Coordination. Applicants from existing 5311 programs are evaluated based on current system performance, financial management, and contract deliverables. New applicants are evaluated on estimated performance and demonstrated financial management capability.

A Review Panel ranks applicants according to the evaluation criteria and submits its recommendations to ADOT staff, who then contacts applicants to discuss any issues that have been identified.

Based upon this application review process, ADOT determines a fair and equitable distribution of available FTA funding using the following priorities:

- Program Maintenance - Maintain investment in administration and operations at least at the previous year’s level recognizing economic factors such as decreased state and local revenues, inflation and conservation.
- Program Growth - Capacity for individual program growth to meet local community needs as well as state program growth to ensure new program entry based upon the application review process.
- Capital Investment - Provide long term program capacity to meet annual variations in capital purchases without impacting administration and operations budgets. Replacement vehicles are prioritized based on whether or not the vehicle has met or exceeded its useful life and the condition of the vehicle.

ADOT conducts a Title VI evaluation to ensure fair distribution of funds. The Section 5311 Program Managers approve the final funding amounts for each project. ADOT then notifies each agency of anticipated funding. Actual grant awards, however, cannot be made until the Federal Transit Administration (FTA) approves the State’s overall 5311 grant application.

Risk Management

The table below identifies the risks to the assets held by our subrecipients and the associated mitigation strategy.

Risk	Mitigation Strategy
Scheduled maintenance not being conducted	Each subrecipient must adhere to their locally developed maintenance plan. ADOT site visits verify that the plan is being followed.
Annual Vehicle Inspections not being conducted	Each subrecipient must document an annual inspection of each vehicle. ADOT site visits verify that the inspections have occurred annually.
Vehicle condition, age and mileage.	Reviewed during application process and ADOT site visits.

Maintenance Strategy

Each subrecipient must develop and follow their own written vehicle maintenance plan. Vehicles must be maintained at a minimum to manufacturer's recommendations.

Overhaul Strategy

Subrecipients are encouraged to complete an assessment of their vehicles approximately 2 years before their useful life benchmark. The assessment determines the cost effectiveness of a vehicle overhaul versus the replacement cost of the vehicles.

Disposal Strategy

Grantees are expected to use equipment up to its useful life. When vehicles have reached the end of their useful life and the grantee is disposing of the property, the grantees are required to submit a lien release request to ADOT. Grantees cannot sell, discard, transfer or dispose of equipment without formal lien release approval from ADOT. Lien release will occur prior to disposition of equipment. Otherwise, the equipment will remain on lien.

Three options are available for the disposition of vehicles: Sale; Transfer to another subrecipient; retain as spare.

- Sales - vehicles can be sold upon ADOT approval at the end of their useful life. All sales must be conducted in accordance with ADOT requirements. Revenues from the sale of property must be reinvested in the transit program for the same purpose. Proceeds from sale that exceed \$5,000 the subrecipient retains the \$5,000 and the non-federal share of the remainder. The remaining federal share is returned to ADOT and ADOT returns the funds to FTA.
- Transfer - ADOT must approve the transfer of the vehicles before communicating with current subrecipients.
- Spare - ADOT may allow the vehicle to be maintained as a spare depending upon the age and useful life of the vehicle.

Acquisition and Renewal Strategy

ADOT has developed the following strategies.

- Remove vehicles from revenue service that pose a safety risk.
- Dispose of vehicle if unable to repair.
- Dispose of all vehicles rated as "1 Failure".
- Prioritize the replacement of vehicles with a "2 Poor" condition rating.
- Prioritize the replacement of vehicles that have exceeded their useful life in age or mileage

Chapter 5 – Investment Prioritization

ADOT has developed the goals and objectives for our Group TAM Plan as listed below.

Goals	Objectives
Increase the statewide average vehicle condition rating to 3.5 by the end of FFY 2024	Dispose of vehicles that are rated as 1 Failure.
	Prioritize the replacement of vehicles with a poor condition rating.
Reduce the number of revenue vehicles exceeding their useful life by 2% in each two year application cycle.	Prioritize the replacement of vehicles that have exceeded their useful life.
	Continue preventive maintenance strategies to extend vehicle service time.

Details of investment prioritization by revenue vehicle type and asset class can be found in:

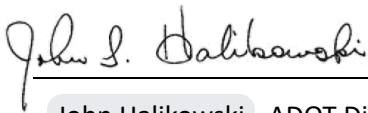

- Appendix B1-Revenue Vehicle (Rolling Stock) Condition Data and Proposed Investment Prioritization Project List
 - Automobile
 - Bus
 - Cutaway Bus
 - Minivan
 - SUV
 - Truck
 - Van
- Appendix B2-Equipment Condition Data and Proposed Investment Prioritization Project List
- Appendix B3-Facilities Condition Data and Proposed Investment Prioritization Project List.

Authorization

The Arizona Department of Transportation is dedicated to overseeing the development, implementation, operation, and continual improvement of the asset management practices that encourage our subrecipients to operate their transit systems in a good state of repair (SGR).

The ADOT Transit Asset Management Group Plan details how ADOT will work with our subrecipients to achieve asset management goals and objectives, direct investment prioritization, and allocate resources for the achievement of the plan objectives.

Approval

John Halikowski , ADOT Director

(Accountable Executive, ADOT)
